No. 349. Read the following Proceedings of the Board of Revenue, dated 22nd January 1875, No. 133 :—

Read the following letter from G. VANSAGNEW, Esq., Collector of Nellore, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 3th December 1874, No. 2,913.

IN his Arzi, dated 15th October 1874, No. 51-2,664, the Kavali Tahsildar reports that one Karavadi Raghavaya of Kavali, now residing in Madras, proposes to build a choultry and a travellers' bungalow with a hospital at Gowravaram, seven miles south of Kavali on the great northern road.

2. The Tahsildar recommends that sanction may be given for the construction of the choultry, and that an Inam may be granted as an endowment.

3. I have the honor to enclose a plan of the choultry, etc., furnished by the Tahsildar.

4. There is a choultry endowed with a reduced grant of land, assessed at Rupees 40, at Ulavapolla, seven miles south of Gowravaram (*vide* G. O., dated 15th December 1869, No. 3,182, communicated with Board's Proceedings, dated 21st December 1869, No. 9,464,) and a Local Fund choultry has just been built at Kavali, seven miles north of Gowravaram. Nevertheless, a choultry is very much required at Gowravaram, and I have the honor to recommend that, as in the case of that at Ulavapolla, it may, on completion, be endowed with a grant of land assessed at Rupees 40.

ENCLOSURE No. 1.—Plan.

SUBMITTED for the favorable consideration of Government. The case is similar to that disposed of in G. O., Revenue Department, dated 15th December 1869, No. 3,182.

Miscellaneous.

THE Board of Revenue recommend the grant of land, assessed at Rupees 40, as an endowment for a choultry proposed to be built at Gowravaram on the great northern trunk road in the Nellore District.

2. The rule is that "no two chuttrums on the same line of road shall be considered entitled to grants of waste land, unless a distance of at least 10 miles intervenes between them, except under such particular circumstances as may induce a Collector to consider himself authorised to recommend a deviation from this general

Standing Order No. 105.

rule." In the present case, there are two choultries, one on either side of the proposed building within 10 miles. But the Collector states that a choultry is very much required at Gowravaram, and, as fourteen miles between the two existing buildings is excessive, the Government sanction the endowment.

3. The accommodation (as shown in the plan) provided for Mussulmans and Pariahs is much less than is required. They will have only cook-rooms, but no sleeping accommodation. The Board will instruct the Collector to suggest improvement in this respect to the person who proposes to build the choultry.
