*Proceedings of the Madras Government, Revenue Department,
8th January 1875.*

No. 70. Read the following Proceedings of the Board of Revenue, dated 5th December 1874, No. 3,583:—

Read the following letter from W. H. GLENNY, Esq., Acting Sub-Collector, to G. VANSAGNEW, Esq., Collector of Nellore, dated Ongole, 23rd November 1874, No. 806:—

At 3-30 P.M. on 22nd instant I heard a long peal of the subterranean sound that accompanies earthquakes in this neighbourhood. It lasted about ten or fifteen seconds; I should think it seemed to proceed from the west of my bungalow, which is near the low red hills south of the town. I felt no motion, nor did I notice any atmospheric change. There were no clouds to be seen but a few light white cirri.

2. I have read the Tahsildar's report to you. It is, from the imperfection of the language, misleading. I have communicated in English with the Tahsildar: he does not mean to report that there was an actual shock of earthquake, but merely that there was the noise which indicates or accompanies an earthquake.

P. S.—24th. Since the above was written, I have been told by the Revd. Mr. Campbell that he distinctly heard doors, windows, etc., rattle when the underground rumbling began; but neither he nor any one else seems to have otherwise perceived any agitation of the earth.
