No. 17. Read the following letter from H. B. GRIGG, Esq., Acting Commissioner of the Nilgiris, to the Secretary to Government, Revenue Department, Fort St. George, dated Ootacamund, 25th February 1875, No. 13 :—

SINCE writing my letter of the 12th instant, I regret to say that I have had no tidings of Mr. Broughton. I have made inquiries in every direction, but with no effect. I telegraphed to a friend of his, a Mr. Heath, in East Berar, but he had heard nothing.

2. It is possible that he left the Hills not intending to return, for he left no instructions as to his letters, &c. ; but he must have kept his purpose secret from his friends, for among his letters I find one from his mother, dated London, January 9th, referring to a telegram sent by her on the 21st December *via* Teheran, which telegram I find unopened. No letter has been received from England since this date.

3. On the above letter, Government ordered* me merely to pass the Bills for January. I now request permission to pass the Bills for February, pending my further report.

* G. O., No. 253, of 16th February 1875.

4. I have inspected the factory at Ootacamund, and find that there is little or nothing in it. I have ordered Mr. Broughton's Manager to put what there is in one of the rooms, which will be placed under seal, and, as Mr. McIvor is greatly pressed for room for storing the bark now coming in, I have authorised him temporarily to use the main roo[illegible] and three godowns for this purpose. He will require the rooms until about the end of May. He has had to store bark at his house "Glenrock". In the dwelling house there is a considerable quantity of chemicals and apparatus. I have instructed the Manager to prepare a list, and later will place the rooms under seal. I have also instructed him to make an inventory of Mr. Broughton's private effects. I have ordered his private servants to be dismissed, with the exception of the butler.

5. I purpose visiting the Neddivuttum factory early next week, and will immediately, after my return, submit certain proposals to Government.

No. 18. ORDER THEREON, 2nd March 1875, No. 336.

Miscellaneous.

THE Acting Commissioner's proceedings are approved. The Bills for February may be passed as proposed in paragraph 3.
