*Proceedings of the Madras Government, Judicial Department,
13th February 1875.*

Cutcheries.

No. 114. Read the following Proceedings of the Board of Revenue, dated 23rd October 1874, No. 7395 (Miscellaneous):—

Read the following letter from E. GIBSON, Esq., Acting Head Assistant Collector in charge of South Canara, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Mangalore, 7th October 1874, No. 2097:—

In returning the plans and estimates for the Head Assistant Collector's Cutcherry at Kundapur, received with the Board's Proceedings dated 22nd June 1874, No. 4187, I have the honor to state that I approve the design.

2. The plan for the Tiffin-room was revised at the request of the late Collector Mr. Thomas, and the second estimate, which amounts to only 900 Rupees instead of Rupees 1,560, the amount of the original, appears to me to provide sufficient accommodation. Of course the compound wall will be left out and a hedge substituted.

3. I trust that the matter may receive the early attention of Government, and that final orders may be passed in time to allow of the work being commenced during the present dry season. The mud hut, consisting of one room divided by a tatty, which at present does duty as a Cutcherry at Kundapur, is both uncomfortable and disreputable.

Submitted for the favorable consideration of Government, with reference to to their Order of 22nd May 1874, No. 620.

(A true Copy and Extract.)

(Signed) J. GROSE,
Secretary.

Transferred to the Judicial Department, with reference to G.O., dated 16th July 1874, No. 1297, Judicial Department, together with previous papers, viz.:—

G.O., dated 18th October 1872, No. 1441.

„ „ 22nd May 1874, „ 620.

FORT ST. GEORGE,
5th November 1874.

(Signed) C. G. MASTER,
Ag. Secy. to Govt., Rev. Dept.

No. 115. ORDER THEREON, 13th February 1875, No. 327.

The ground-plan of the Cutcherry proposed to be built for the Head Assistant Collector at Kundapur in the District of South Canara, is, in accordance with the design approved of for the Head Assistant's Cutcherry at Arconum in the District of North Arcot, but the roof has been modified to suit the climate of the Western Coast.

2. It seems doubtful from the modified design of roof whether, notwithstanding the fan-lights over the doors, there will be sufficient light in the Court-room during cloudy days. This point will be kept in view by the Department of Public Works when the building is taken in hand.

*Proceedings of the Madras Government, Judicial Department,
13th February 1875.*

3. The estimates provide for—

	RS.
Cutcherry	7,190
Compound Wall	5,450
Tiffin-room	900
Latrine	415
Total ...	<u>13,955</u>

4. The cost of the compound wall is about two-thirds the cost of the Cutcherry and out-offices. The wall is not absolutely needed and may be omitted from the estimate. The amount required for the Cutcherry and out-offices will thereby be reduced to Rupees 8,505. Adding thereto the cost of a hedge—Rupees 180—as estimated by Colonel Foord in paragraph 3 of his letter dated 27th April 1874, No. 638, the aggregate cost will be Rupees 8,685, which is sanctioned.

5. The provision of funds will be determined in the Public Works Department.
