*Proceedings of the Madras Government, Revenue Department,
8th March 1875.*

No. 106. Read the following letter from H. B. GRIGG, Esq., Acting Commissioner of the Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 25th February 1875, No. 12:—

With reference to order of Government, Revenue Department, No. 1,428, dated 16th October 1872, requesting me to report as to the results of application of the manure forwarded by Messrs. James Macmeikan and Co., Melbourne, I have the honor to forward copy of a report on the subject from the Superintendent, Government Cinchona Plantations.

ENCLOSURE No. 1.

From W. G. McIVOR, Esq., Superintendent of the Government Cinchona Plantations, to H. B. GRIGG, Esq., Acting Commissioner of the Nilgiris, dated Ootacamund, 19th February 1875, No. 8.

With reference to your letter, dated 3rd instant, No. 1, and G. O., dated 16th October 1872, No. 1,428, I have the honor to inform you that the manure supplied by Messrs. Macmeikan and Co. of Melbourne was applied in the early part of 1873 to 355 plants of *C. officinalis* on the Dodabetta Plantation in alternate rows; the intermediate rows being at the same time manured with farm-yard manure. As yet there is not much perceptible difference in the condition of the plants, but the plants to which the farm-yard manure was applied appear, as a rule, to indicate greater vigour; therefore, when the original cost of the manure supplied by Messrs. Macmeikan and Co. is considered, and especially the great expense of carriage to the Hills, it cannot compete with the farm-yard manure, which we can obtain here on the spot at a comparatively trifling cost. I regret, therefore, to have to state that, in my opinion, the application of Messrs. Macmeikan and Co.'s deodorised manure would be an unnecessary expense.

ORDERED to be communicated to
