*Proceedings of the Madras Government, Revenue Department,
11th March 1875.*

No. 143. Read the following Proceedings of the Board of Revenue, dated 3rd February 1875, No. 242 :—

Read the following letter from Colonel F. J. B. PRIESTLEY, Superintendent, Revenue Survey, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Chepauk, 25th January 1875, No. 168-5 :—

In a letter, dated 16th January 1875, the Deputy Superintendent of Survey in Coimbatore reports that he purposes to commence the demarcation of the Collegal Taluq early in February, and requests that this may be intimated to the Mysore authorities, in order that they may be represented when the boundary of that portion of the taluq bordering on Mysore is being marked out.

2. The point from which work will be commenced is that at which the boundary leaves the Cauvery River (lat. $12^{\circ} 10\frac{1}{2}'$ north, long. $77^{\circ} 6\frac{1}{2}'$ west).

3. I presume that the Mysore Government are prepared to bear their share of the labor required, and to pay half the cost of the work of demarcating the common boundary.

4. I have the honor to urge the necessity of a speedy adjustment of the long-standing boundary dispute on the Balirangams. Maps of the land on each side of the disputed line were furnished to the Collector of Coimbatore two months ago, and it was understood that, immediately after they were furnished, the Collector and Deputy Commissioner would proceed to determine the line of boundary to be adopted.

SUBMITTED to Government with a request that the Mysore Government may be communicated with, with a view to an officer being deputed to meet the Collector and settle the disputed boundary.

Miscellaneous.

THE Government presume that the boundary dispute alluded to in paragraph 4 of Colonel Priestley's letter is that which has already formed the subject of much correspondence with the Chief Commissioner of Mysore. The arrangement last come to agreeably to the suggestion of the Chief Commissioner is that the Collector of Coimbatore should meet the Deputy Commissioner of that province, at the earliest convenient opportunity, for the purpose of preparing a report on the subject of the disputed boundary. Mr. Wedderburn is accordingly in communication with the Mysore authorities and was apparently waiting for a trace of the disputed frontier, which Colonel Priestley states was furnished to him two months ago. The Government see no necessity for addressing the Chief Commissioner of Mysore on the question of the boundary generally until this
