No. 157. Read the following Endorsement of the Acting Under-Secretary to Government, Public Department, dated 21st February 1875:—

Read the following Proceedings of the Board of Revenue, dated 6th February 1875, No. 277.

Read again Board's Proceedings, dated 3rd December 1874, Miscellaneous No. 8,419.

Read also the following letter from G. D. LEMAN, Esq., President of the Local Fund Boards, Kistna District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Masulipatam, 28th December 1874, No. 2,082.

With reference to Board's Proceedings, dated 3rd December 1874, No. 8,419, I have the honor to inform you that the repairs referred to can be carried out without the assistance of the Public Works Department, and that I see no objection to their execution under the supervision of the Tahsildar of Bapatla.

2. The assessment realised from the Inam originally granted for the maintenance of the tanks was about Rupees 160-8-6 per annum; the actuals are not in record, but merely a lump sum for twenty-three years. It was resumed under the orders noted in the margin. The tanks are only used for the supply of drinking water.

THE Board resolve to submit the question whether the sum required for repairing the Vangipuram tank (Rupees 1,630) should be paid from Imperial Funds for the orders of Government.

2. The tank, with three others in the same village, used to be endowed with acres 96.39 of land. This Inam was resumed on failure of heirs in fasli 1256, and the resumption seems to the Board to have imposed on Government the duty of keeping the tanks in repair. Since the resumption Rupees 2,143 have been realised on the land.

3. The Board think the Rupees 1,630 now required should be granted, that the resumed endowment should be restored, and that the title-deed should be given to the Local Fund Board.

J. Grose Esquire
Secretary to the Board of
Revenue, Madras.

Sir,

I have the honor to for-
ward for sanction an estimate
(Rupees 1,630) for the repairs of a tank
at Vangipuram in Papatta Talook,
and to request that Rupees 500, the
amount allotted this year for the
work, may be placed at the disposal

Vangipuram Tank—in Kistna District, the
Inam endowment of which was resumed in
Fasli 1256.—Question whether the sum of
Rupees 1,630 required for the repairs of —
should be paid from Imperial Funds, submitted
for orders of Government. Opinion expressed
that the sum must be granted by Government,
that the resumed endowment should be restored,
and that title-deed should be given to Local
Fund Board.

of the Department Public Works
from the item "Works undertaken for
the improvement of water supply"
under (d) of Grant III, Local Funds,
Guntur.

2. I beg to bring to the notice
of the Board that this tank with 30 others
in the above village, had an endow-
-ment in Duam, but which was re- * Acres 96.39
-sumed by Government in Fask
1256 on the ground that no heirs
laid claim to it.

3. In their Proceedings No. 266
dated 12th January 1866, the Revenue
Board, in the case of a tank simi- at Laukurti
-larly circumstanced, decided that pad in
Rajopett
Zabugg.
its repairs should be met from
the Local Funds to the extent
of the proceeds of the Duam.

4. This order of the Board
was

was passed at a time when
the Government had the ad-
-ministration of the Local Funds
in their own hands, and now it
seems to me that the Local Board
have a claim against the Govern-
-ment to the same extent i.e. the
proceeds of the Duam. This
amounts to Rupees 2142-13-7 upto
July 1274.

Kristna D. Calla Kacheri }
Masulipatam } E. J. D. Leman
27th October 1874 } President

The estimate is sanctioned.
With regard to the proposed trans-
-fer of funds the President will
consider whether the repairs (which
consist solely of earthwork) can be
carried out without the interposition
of

of the Public Works Department
If the work is done by the Public
Works Department the charge
for supervision will add materially
to the estimate.

With regard to the endowment
of the tanks the President should
report the annual amount of the
old endowment and give the date
and number of the order resuming it.

It is presumed that the tanks
are only used for supplying drinking
water.
