It is expected that he has some vague ideas of his duties - which I explained to him. I did not think it wise to say any more. He appears to be

His travelling is to commence at once if his services are required - but he is to understand that he will be expected to do a part of his duty - teaching & supervising the English School which is an important part of his duty & his expenses must be borne by the Government. He is to take an active part in instructing all the students.

Dear Sir,

You inquired of Mr. Master, who was lately acting for me,

(1) "how soon you would be called upon to take up the office, some time since held by Dr. Hooper."

It wd. be immediately - or as early as possible.

(2) "Whether you wd. have to travel at once, or whether you could remain at Madras for a time."

Madras is to be your head quarters - You wd. have to travel occasionally only, to visit any district where there was a serious outbreak of disease. While at Madras, you wd. be exp. to lecture to the students at the Hyderabad Farm.

(3) "Whether you will be allowed to consider the Hills your head quarters during the hot weather."

The answer to No. 2 indicates that this privilege is not at all contemplated.

Remain

Yours faithfully
