2. The bare receipts of the Jungle Conservancy Fund for 1875-76 are estimated at Rupees 1,48,720 against Rupees 1,43,700, the estimate for the current year.

3. The total assets of the Fund including the balance amount to Rupees 2,87,410, and the proposed expenditure is Rupees 2,06,670, leaving a balance of Rupees 80,740. As in the current year's Budget, the largest balances occur in the Nellore and Salem Districts. The Collector of the latter district remarks that as the expenditure of the year exceeds the receipts, and as "it will be some six or seven years before the young trees now planted can be left to take care of themselves, it is necessary to retain a large balance which will be gradually absorbed." The expenditure in the district is Rupees 30,060 against an estimated income of Rupees 25,000. The Nellore Estimate provides for the absorption of Rupees 33,210 from the balance reducing it to Rupees 36,790.

4. The Collector of Cuddapah allotted in his Budget Rupees 5,049 for expenditure, while the available assets amount to only Rupees 3,500. The Board have reduced the allotment to the latter sum.

5. The Collector of Kurnool represents that, owing to the reduction of the rates of seigniorage, the Jungle Conservancy Fund of his district is estimated to yield Rupees 2,850, which sum is insufficient to maintain the existing topes, while the establishments cannot be reduced for one or two years more, as the plants are still young. He, therefore, requests sanction for the transfer of Rupees 2,000 from the Surplus Pound Fund. The Board think that, under the

circumstances, the proposed transfer of funds may be allowed. In that case a deduction of Rupees 1,000 must be made in the Local Fund Budget, submitted with Board's Proceedings dated 24th November 1874, No. 3390.

6. The Collector of Bellary solicits sanction for the entertainment of a Clerk on Rupees 20 a-month to carry on the business connected with the Special Funds. The Collector will address the Board separately on the subject.

7. The Collector of North Arcot observes that the detailed Jungle Conservancy Fund Budget for the current official year not having yet been sanctioned by Government, most of the new topes provided for therein have not been commenced as yet. From the Board's review* of the Budget, and the statements therewith issued, Mr. Whiteside ought to have known that there was nothing to prevent the commencement of the formation of new topes.

8. The Collector of Madura reports that there is no means of deriving any income for the Nanul Grass Fund of his district, as nearly the whole of the grass planted in the bed of the Vigay River has been cut, and as it was thought advisable to allow time for its regrowth. It being necessary to maintain an establishment of watchmen to keep up the existing Nanul plantations, as well as to look after the bamboos and Casuarinas already planted along the banks of rivers and channels, and as there are no funds available for the purpose, the Collector suggests that Rupees 500 may be transferred from the Surplus Pound Fund of the district. The Board support the suggestion.

9. The Collector of the Godavery District has proposed no expenditure from the Village Service Fund and the Canal and Ferry Fund, pending orders of

Dated 30th October 1874, No. 387.
 " 26th November " " 438.
 " 5th December " " 452.

the Board on his letters as per margin, which contain proposals for the utilization of those funds. The Board have since passed orders on the references

made, but they fail to see why the Collector has not entered in the Budget the usual annual charges to be met out of the two funds. The omission has been supplied in this office by taking the average of the actuals and the proposed expenditure for the past two and current years.

10. The expenditure proposed from the Village Service Fund of the Kurnool District includes a sum of Rupees 1,12,000, of which Rupees 1,00,000 is for Village Choultries, the construction of which was sanctioned in G.O., Revenue Department, dated 9th July 1873, No. 707, and the remainder, Rupees 12,000,†

† Vide paragraph 5 of Board's Proceedings, dated 24th November 1874, No. 3390.

is the contribution to Local Funds, for which credit has been taken in the Kurnool Circle Budget for 1875-76,

which is now before Government.

11. The Board have omitted from the Budget under the Endowment Fund the transactions of the charitable tank at Muthialumpaud, in the Palnad taluq in the Kistna District, because the tank is to be made over to the Guntoor Local Fund Board from 1st April next, as will be seen from a separate Proceedings on the subject.

12. A statement showing the particulars of charges proposed to be incurred out of the Cochrane's and Sadras Canal Fund is also herewith submitted. The total proposed expenditure is Rupees 40,600, classified as follows:—

	RS.
New Works	4,100
Repairs	24,100
Cost of Supervision at 25 per cent. on the Expenditure	7,050
Establishment and Contingencies	5,350
Total	40,600

13. In their Order, Public Works Department, dated 9th September 1874, No. 2561, the Government authorized the District Engineer, Nellore, to proceed with the construction of a boat for the use of the Range Officer in charge of the East Coast Canal in the Nellore District, in anticipation of the allotment of funds. The Collector of Cingleput now informs the Board that funds are not available this year for the work, and requests that the necessary provision may be made in the present Budget. The Board, however, have made no provision with reference to the G.O., Public Works Department, dated 19th December 1874, No. 3590-A, in which it is suggested that one or both of existing Northern or Southern Canal Boats be taken in lieu of the proposed new boat.
