Mis. N^o 2344.

Proceedings of the Board of Revenue

Dated 22^d March 1875

Read G.O. Revenue Department dated 1st March 1875 N^o 352 referring, for early report, letter from Gov^t of India calling attention to the large export of Cotton from Madras to Calcutta in November and December 1874, and to the decrease in the ten previous months of the year, and requesting an explanation of the reasons of these fluctuations.

The figures given by the Gov^t of India relate only to the District of Tinnevely and not to the whole Presidency of Madras as supposed by the Gov^t of India. The exports of Tinnevely and of the whole Presidency from January to December 1874 are compared below with those of corresponding months in 1873. The variations in the exports appear to be due to the ordinary fluctuations of trade. The collector of Tinnevely will however be requested

to ascertain and report the causes of these
fluctuations in 1873 and 1874.
