PROCEEDINGS OF THE BOARD OF REVENUE,

Dated 3^d April — 1875.

Read the following

N^o 83

From

H. S. Thomas Esq^r,
Collector of TanjoreTo, H. E. Stokes Esq^r,My Secretary to the Board of Revenue,
Madras

Sir, I have the honor to request sanction for a refund of Rupees 60-14-2 under the head of Land Revenue, which has become necessary under the following circumstances.

2. The Inam lands held by one Ramaswamayyar, in the village of Pandaravada, Pilmangudi in the Kombaconam Taluk, were placed under attachment on account of his having failed to appear for settlement under the Inam rules

rules

rules and were eventually fully accepted.

Subsequently, however, on the individual petitioning the Inam Commissioner,

the lands were restored to him on

enfranchised tenure under two title deeds, ^{1st 2210 and}

It was also decided by the Inam <sup>2211 of the Com-
missioner Salug-</sup>

Commissioner, that the mesne profits, which accrued on the lands during the period of their attachment, should be refunded to the Inamdar.

3. The amount of mesne profits, however, was not exactly ascertainable, as the lands thus restored were held under attachment along with those belonging to another individual and have not been restored, and the accounts

709/2
accounts for the two lands were not kept separate. Consequently, the Deputy Collector, who prepared the prescribed Register under the Inam rules, recommended, that Rs 33 should be taken as the proportion of Ramaswamayya's lands out of the whole proceeds and refunded to him. This refund was sanctioned by the Inam Commissioner and was accordingly granted.

4. In a Petition subsequently addressed by him to the Inam Commissioner, and endorsed by that Officer to the effect that he should address the Collector; Ramaswamayya states

states, that the proportion of the meane profits due to him was larger, and that the difference between it and the refund of Rupees 33 made as above mentioned, should be paid to him.

5. It does not appear upon what data the Deputy Collector calculated the proportion. The whole extent of land held under attachment was 8.44 acres, and the total amount of the proceeds realized therefrom during the period of its attachment, i.e., Estates 1275 and 1276, Rupees 104-2-1. This sum, rateably distributed over the whole area, gives Rupees 48-13-11 for Ramasamayyar's

201
Ramasamayyar's share, i.e. 3.99 acres, and the difference between the sum last mentioned and Rs 33 already paid, seems to be fairly due to him. This difference is Rs 15-13-11 forms one item of his present claim.

The meane profits less the portion already refunded to this individual have been carried to the credit of Government.

6. Another item of Ramasamayyar's claim is the assessment levied on his lands during the period (Estates 1277, 1278 and 1279) which intervened between the resumption of the Inam and its restoration to him. The

The amount thus collected, less
Land cess and Kaval fee, is Rs 45-4-3.
As his title to hold the lands on
Inam tenure has been recognized
and the income profits which accrued
thereon during its attachment have
been ordered to be made good to
him, it necessarily follows, that
he is entitled also to a refund of
the sum last mentioned.

7. These two items together
make up the amount of Rs 60-14-2
specified in the opening para.

Tanjore Collectors Office,
Palani, 17th February
1875- } I have per
(signed) H. S. Thomas
Collector.

Assuming

709
X
Assuming that all the land
attached was of the same quality
the refund on account of mesne
profits seems to be due, and the
sanction of Government is requested
for it.
