Miscellaneous No. 2764. 756/1

From

The Acting Sub-Secretary to the
Board of Revenue
Madras

To

The Secretary to
Government Revenue
Department

Sir,

In their order dated 13th June 1873 No. 937 the Government directed that measures should be taken for the supply of good and effective locks to all Treasuries. The Board thereon issued instructions to Collectors to examine the locks in use in the Treasuries in their Districts and

and to get new and strong ones supplied at once.

Requisitions for Chubb's padlocks having been accordingly received from Liveral Districts the Board purchased at Madras and supplied them to the Collectors of the Liveral Districts noted in the margin.

Some Collectors have purchased them locally and Indents are still being received.

2. The Board have also purchased an iron safe for the safe custody of collections at the Sea Port of Ipurpalem in the District of Kistna and are about to purchase a few more for the use of Deputy Tahsildars.

3. The Accountant General however objects to pass these charges without the sanction of Government on the ground that padlocks and iron safes being of European manufacture should have been obtained through the Secretary of State for India under Government of India Resolution dated 23rd May 1871 No. 402.

4. The Board observe that Chubb's locks and iron safes are articles occasionally required

required, the demand for which is uncertain and as such appear to be purchasable in this country under Clause II Para II of the Government of India Resolution referred to but as the Accountant General considers that the sanction of Government is necessary the Board request that it may be accorded for the purchases already made and for similar supplies to be procured in 1875-76 under the orders of the Board.

I have the honor to be
Sir
Your most obedient Servt
