*Proceedings of the Madras Government, Revenue Department,
31st May 1875.*

No. 352 Read the following Proceedings of the Board of Revenue, dated 15th May 1875, No. 1,311:—

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Chittoor, 5th April 1875, No. 159 —

WITH reference to the Proceedings of the Board of Revenue, dated 29th May 1874, No. 1,300, I have the honor to state that I have ascertained from the District Engineer that the interests of the Kolattur ryots will not in any way be affected, or their supply of water in any way diminished, by the completion of the proposed Sankarambadi Channel.

THIS matter has now hung fire for two years and a half owing to delays in the Collector's Office and incompleteness in the information sent up by him.

2. In G. O., 11th October 1872, No. 1,406, Government stated that they would be prepared to take up the land required for the completion of the Sankarambadi Channel under Act X. of 1870 on the necessary particulars being laid before them. The Government Order was communicated to the Collector on the 17th October, and after nine months the Collector replied (23rd June 1873), but having neglected the Standing Orders to be observed in such cases, the matter was remanded to him (Board's Proceedings, 28th July 1873, No. 1,410); after nine months more (25th March 1874), the Collector answered their Proceedings, but the Board requested that some further information might be obtained as to the injury to the irrigation of the objecting ryots' lands, as to the possibility of supplying their lands from other sources, and as to the amount of compensation which they could claim for such injury (Proceedings, 29th May 1874, No. 1,300). After the lapse of ten months, the Collector now reports that the District Engineer is of opinion that the interests of the ryots will not be in any way affected.

3. The draft declaration and the statement of ryots' objections sent up by the Collector with his letter of March 1874 will accordingly be submitted to Government with reference to the Order, 11th October 1872, No. 1,406, in order to the issue of a notification under the Act.

(A true Copy and Extract).

(Signed.) H. E. STOKES,
Acting Secretary.

No. 353.

ORDER THEREON, 31st May 1875, No. 846.

Miscellaneous

ORDERED that the following Notification be published and that the Collector be authorized to take the necessary steps for the acquisition of the lands:—

NOTIFICATION.

Under the provisions of Section 6 of Act X. of 1870, the Governor in Council of Fort St. George hereby declares that all those pieces of land shown in the appended

No. 1,311.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 15th May 1875.

Read the following letter from W. S. WHITESIDE, Esq, Collector of North Arcot, to H. E. STOKES, Esq, Acting Secretary to the Board of Revenue, dated Chittoor, 5th April 1875, No. 159.—

With reference to the Proceedings of the Board of Revenue, dated 29th May 1874, No. 1,300, I have the honor to state that I have ascertained from the District Engineer that the interests of the Kolattoor ryots will not in any way be affected, or their supply of water in any way diminished, by the completion of the proposed Sankarambadi Channel.

This matter has now hung fire for two years and a half owing to delays in the Collector's Office and incompleteness in the information sent up by him.

2. In G. O., 11th October 1872, No. 1,406, Government stated that they would be prepared to take up the land required for the completion of the Sankarambadi Channel under Act X. of 1870 on the necessary particulars being laid before them. The Government Order was communicated to the Collector on the 17th October, and after nine months the Collector replied (23rd June 1873), but having neglected the Standing Orders to be observed in such cases, the matter was remanded to him (Board's Proceedings, 23th July 1873, No. 1,410); after nine months more (25th March 1874), the Collector answered their Proceedings, but the Board requested that some further information might be obtained as to the injury to the irrigation of the objecting ryots' lands, as to the possibility of supplying their lands from other sources, and as to the amount of compensation which they could claim for such injury (Proceedings, 29th May 1874, No. 1,300). After the lapse of ten months, the Collector now reports that the District Engineer is of opinion that the interests of the ryots will not be in any way affected.

3. The draft declaration and the statement of ryots' objections sent up by the Collector with his letter of March 1874 will accordingly be submitted to Government with reference to the Order, 11th October 1872, No. 1,406, in order to the issue of a notification under the Act.

Lands required for the completion of the Sankarambadi Channel in North Arcot—Ordering publication of the Notification under Act X. of 1870, and authorizing the Collector to take the necessary steps for the acquisition of the same.

2608/75

No. 1,300.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 29th May 1874.

Read again Board's Proceedings, dated 28th July 1873, No. 1,410:—

Read also the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Ranipet, 25th March 1874, No. 174:—

With reference to Board's Proceedings, No. 1,410, dated 28th July 1873, I have the honour to forward, herewith, a revised draft declaration, accompanied by a statement, showing the lands required for completing the Senkarambadi channel, together with translation of statement of objections obtained from the landholders agreeably to Standing Order, No. $\frac{141}{3}$ of 1869. From this the Board will observe that the ryots object to give up their lands chiefly on the ground that they fear that there will be a diminution of water-supply to their lands and topes; that the proposed channel will pass close to the head of their spring channel, and consequently the water in their channel will be diminished, and the most of their putta lands will be damaged by the new channel. These objections are not, I think, valid, inasmuch as the late Superintending Engineer has strongly recommended*

- *Vide* paragraph 4 of my letter, No. 429, dated 2nd September 1872, embodied in Government Proceedings, dated 11th October 1872, No. 1,406, communicated Board's Proceedings, No. 2,026, dated the execution of the work. I therefore request that the Board will be pleased to move Government to sanction the acquisition of the lands under the Land

due to the declaration for the acquisition of lands from several others also, owing probably to the project having been altered in accordance with Colonel Boileau's views. The Collector's letter does not show why these parties refuse to come to terms.

3. The draft does not show in what village these lands are situated.
4. It is not apparent why Poremboko lands and "river channels" have been entered in the schedule.

(A true Copy and Extract.)

(Signed) J. GROSE,
Secretary.

No. 1,410.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 28th July 1873.

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Chittoor, 23rd June 1873, No. 360 :—

With reference to Board's Proceedings, No. 2,026, dated 17th October last, I have the honour to forward, herewith, a draft declaration, accompanied by a statement showing the lands required for completing the Senkarambadi Channel with the plan of the site prepared by the Range Officer of Wallajah, and to request that the Board will be pleased to move the Government to sanction the acquisition of the above lands under the Land Acquisition Act (X. of 1870).

ENCLOSURE No. 1.—Draft Declaration.

ENCLOSURE No. 2.—Plan.

The draft declaration received with the foregoing letter must be returned for revision.

The statement of the landholders' objections required in Standing Order, No. 141-3, of 1869, has not been submitted. The past correspondence related to it is only for Annabelli Mudali and Kachalanna Mudali only; but the

ENCLOSURE No. 1.—Revised Draft Declaration.

ENCLOSURE No. 2.—Translation of Statement of Objection obtained from landholders

BEFORE taking action in the matter, the Board desire to have information as to the extent of injury likely to be caused to the petitioners' land in the event of the proposed channel being made.

2. The Collector will be good enough, therefore, to communicate with the District Engineer on this special point.

3 The Collector should at the same time ascertain whether the loss of water could be made up to the petitioners by a supply from any other source, or, if this be impracticable, what amount of pecuniary compensation will have to be awarded to them.
