Adverting to G. O. 19th May
1874. N^o 99 Communicating sanction
in the Revenue Department of a
temporary Establishment for completing
the Survey of the Vedarnium Canal, at
a cost of Rs 160 per mensem for three
and a half months or Rs 560 in all,
I have the honor to inform you that
the Survey and Sections have been very
carefully

Carefully Completed and that the Bench-
marks have been fixed, and accurately
noted on the Survey. —

2. The length of the Canal is
Surveyed inclusive of 8 miles of the
Adaphar is 32 miles; and it has been
found quite impossible for one Surveyor
to survey this length of Canal, take
the frequent Cross sections found necessary,
and note the Bench-marks, within
the period sanctioned. —

3. The Survey has been exceptionally
well got out; and I should strongly
urge therefore that an additional
month's pay be passed to the Surveyor
and Draughtsmen engaged on the
work, vizt. 1 Surveyor at Rs 30 and
1 Draughtsman at Rs 20, or
Rs 110 in all. I should mention
that

2
that this extra sum for which sanction
is solicited, by no means represents, in
fact is far below, the extra time which
the Surveyor and Draughtsman have
actually given to the work in excess
of the period for which the Establish-
ment was sanctioned. —

It. The Survey is not forwarded
now for inspection, as it will be
submitted hereafter with the Estimate
for the improvement of the Canal. —
