certain books were purchased

It is observed that some of the books named in the list are likely to be had from the Educational Dept. without their supplies from England. Mr. Robertson should report after communication with the officers of the Educational Dept. what books are absolutely required by him. He is perhaps unaware of the rule that local purchases are not allowed.

Take a copy of the list of books from the Library of the College, and send it to the Educational Dept. for their consideration. The list of books should be sent to the Secretary in the Revenue Office. The list of books should be sent to the Secretary in the Revenue Office.
