Ag Secy to the
Board of Revenue
Madras.

Sir,

Auth. Genl's Objec-
tion. State is also
sent (to be returned)

I have the honor to forward a
letter from K. Subbarow Esq. Deputy Collector
in this District on the subject of a rebranch-
ment that the Deputy Accountant General
wishes to make.

2. He says that Government only appoint-
ed Subba Row to act during Raghunadharow's
employment on other duty only: he therefore
does not consider Subba Row entitled to
deputation

deputation allowance for the time that he was acting during Raghunadharow's absence on leave. That Subbarow was intended by Government to act here during the period of absence on leave is certain from the Official Memo: of Government No 34 dated February 9th 1875. Revenue Department, which required Subbarow to relieve Sudarsana Row, so as to admit of Cudawamy Madali relieving Raghunadharow by the 1st of March. If he was intended to act, he was also intended to receive his acting allowance.

3. I do not know whether the Accountant General received a copy of that Memorandum, but even if he did not, it seems to me so plain without it that Government had no intention of appointing Subbarow to act only while Raghunadharow was

was absent on other duty, that it would have been taken better if the Accountant General had asked Government what was intended before he assumed that they intended to act contrary to their usual custom.

4. I therefore request that Government will direct the Accountant General to withdraw his objection.

I have

Submitted for the favorable consideration of Government

Government Order 29th April 1875 No 66 has settled the question as to deputation allowance from 1st March, but it seems to the Board with reference to the Official Memorandum of Government, No 34 dated 9th February 1875, that Subbarow ought to be allowed deputation allowance from the 23rd February the date on which he took charge.
