*Proceedings of the Madras Government, Revenue Department,
30th June 1875.*

No. 245. Read the following Proceedings of the Board of Revenue, dated 16th June 1875, No. 1,642:—

Read the following letter from W. S. FOSTER, Esq., Acting Collector of the Godavery District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Cocanada, 12th May 1875, No. 184:—

I HAVE the honor to report on the state of the district records for 1874-75.

2. The English and Telugu records of my office are as usual properly arranged and kept in good order, and the Acts, Regulations, and Board's Circular Orders have been corrected up to date. The index to the Board's Proceedings has been brought up to 1852. During the year lists of Telugu papers contained in 107 dufters have been prepared, so that the total number of dufters, for the papers contained in which detailed lists are available, come up to 260, and the papers contained in 70 of these have been destroyed during the year as useless. There are yet several dufters for which detailed lists have to be prepared.

3. An extra gumasta was allowed last year to sort the records of the Head Assistant Collector's Office; he was employed in November and December and he completed the work. The Head Assistant Collector is now away from the head quarters and promises to report on their present state as soon as he returns to Ellore, but I cannot think that there could be any material change subsequent to December 1874.

4. The Deputy Collector on General Duty reports that the records of his office require to be sorted from 1808, and that he has made the necessary arrangements for the purpose.

5. The want of proper accommodation in the Ellore Taluq Catcherry is still felt for the safe custody of the records, and it is very necessary that the new Taluq Catcherry should be put in hand as early as possible. The Government have sanctioned its construction last year, and it would be better if the work is put in hand soon.

6. Two extra gumastas were employed, under the orders of Government, dated 17th July 1874, No. 389, during the year to sort the records of the Tanuku Taluq for four months, and a portion of the work is complete. The Head Assistant Collector tells me that the services of the two gumastas are required for a further period of four months, and I request that the Board of Revenue will be pleased to obtain the sanction of the Government for their entertainment.

7. The Sub-Collector reports that the records of the Ramachendrapur Taluq are kept in excellent order. The records of other taluqs in the district are also in good condition with the exception of Bhimavaram, where the Deputy Collector on General Duty states their condition is not satisfactory. The records of some of the late years have to be sorted in some of the taluqs, and orders have been issued for their arrangement.

8. In their Order of the 16th December last, the Government have sanctioned the entertainment of an extra gumasta for sorting the records of the Rajahmundry Taluq. The gumasta is making a fair progress with the work, but the Sub-Collector thinks that there is still a great deal to do.

9. The Sub-Collector reports that the records of his office are in good order.

*Proceedings of the Madras Government, Revenue Department,
30th June 1875.*

From the above report it appears that the records of the district are generally in good order. In future reports it would be well to notice each taluq separately more in detail.

2. The sanction of Government is solicited for the continuance of the temporary establishment entertained, under the authority of G.O., dated 17th July 1874, No. 889, for the purpose of arranging the records of the Tanuku Taluq for a further period of four months. The charge can be met from the reserve for temporary establishments under Land Revenue.

3. With reference to paragraph 5, the Board observe that the Collector, in his letter recorded in Board's Proceedings, dated 25th November 1874, No. 3,398, stated that the new Taluq Cutcherry at Ellore might be entered last in the list of Civil Buildings required for the district. If any alteration of the list appears advisable, the Collector should address the Board separately on the subject.

From the above report it appears that the records of the district are generally in good order. In future reports it would be well to notice each taluq separately more in detail.

2. The sanction of Government is solicited for the continuance of the temporary establishment entertained, under the authority of G.O., dated 17th July 1874, No. 889, for the purpose of arranging the records of the Tanuku Taluq for a further period of four months. The charge can be met from the reserve for temporary establishments under Land Revenue.

3. With reference to paragraph 5, the Board observe that the Collector, in his letter recorded in Board's Proceedings, dated 25th November 1874, No. 3,398, stated that the new Taluq Cutcherry at Ellore might be entered last in the list of Civil Buildings required for the district. If any alteration of the list appears advisable, the Collector should address the Board separately on the subject.
