No. 68. Read the following Proceedings of the Board of Revenue, dated 20th July 1876, No. 1,872:—

Read the following letter from C. RUNDALL, Esq., Acting Director of Revenue Settlement, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Madras, 15th June 1876, No. 2,412-60.

REFERRING to paragraph 9 of the Board's Proceedings, No. 2,168, dated 10th August 1874, I have the honor to inform you that the question as to how the favorable tenures therein alluded to should be treated at the new settlement has been fully discussed with the Collector and the Inam Commissioner as therein directed, and the opinions expressed by these officers are as under.

2. The Collector, Mr. Horsley, considers that the Kattuguttagai, Kowlacharum, and Gaddateru remissions "should entirely disappear with the introduction of the new settlement rates." He does "not think it necessary to consider whether the possession of lands under these tenures have received a sufficient return in the shape of a favorable assessment for their original outlay, because the concession was not originally fixed on a calculation of expenditure to be incurred and profit to be made. The tenures may be abolished on the ground of their being out of date and liable to be revised in the same way as the assessment of ordinary lands."

3. In these views, Mr. Puckle fully concurred and directed that the favorable tenures should cease with the settlement, but the *tarams* fixed on the lands hitherto favorably assessed should be reasonably low.

4. On effect being given to these orders, an appeal presented to the Director of Revenue Settlement by the Kattuguttagaidar of Venkatramannapally attached to Ippapenta of the Cuddapah Taluq was received while Mr. Ballard was in charge of the department, and that officer thought that the prescriptive claims should not be ignored, as the alleviations were granted in former days on a certain understanding, and called upon the Deputy Director to report further on the matter.

5. The Deputy Director, Mr. Cox, submitted his report, and he concurred with the views of the Collector and Mr. Puckle. I thereupon addressed the Inam Commissioner as to his views regarding these favorable tenures.

6. He states in his communication, No. 120, dated 5th current, copy enclosed, that the matter has been already settled by Government in their Order, dated 22nd March 1861, No. 677, to the effect that these tenures should be treated as Inams in Bellary, and that therefore he has issued instructions that the like tenures in Cuddapah should be similarly dealt with.

7. Pending, therefore, disposal by the Inam Commissioner, I would suggest that the Collector be instructed to adjust the demand against the lands held under these tenures at the old assessment, and to remit the difference each year between the settlement assessment and that formerly paid. The extension of the Inam inquiry to these lands has seemingly been an oversight, which should now be remedied. Until regularly settled as Inams, they will continue to be registered as ordinary Government land in the Settlement Registers and the ordinary assessment shown. The Collector of Kurnool might be similarly instructed in respect to the Koilkuntla Taluq of his district should the same tenures occur there.

OFFICIAL MEMORANDUM.

Read again letter from the Director of Revenue Settlement, dated 26th April 1876, No. 906-173.

Read also letter, dated 19th May 1876, No. 2,113-195.

From the Proceedings of the Inam Commissioner, dated 17th December 1860, No. 436, approved by Government in their Order, dated 22nd March 1861, No. 677, it appears that the

several tenures noted in the margin were ordered to be treated as Inams in Bellary and were

so dealt with in that district, but their existence in Cuddapah appears to have escaped the notice of the Inam Commission. There is no reason why these tenures should not be treated as Inams in Cuddapah as was done in Bellary, and the Collector will accordingly be requested to settle them as Inams and submit registers to this office for the issue of title-deeds.

2. Where the favorable assessment now paid is more than the survey assessment, the holders of the lands are of course at liberty to obtain a revenue putta on the survey assessment instead of an Inam title deed on the existing so-called favorable assessment.

3. The Acting Director will be requested to forward to the Collector a complete list of the villages in which the special tenures are to be found.

Miscellaneous.

THE Government consider that the Inam tenures in Cuddapah, referred to in the above Proceedings, being precisely

the same as those in Bellary noticed in paragraphs 22 and 23 of the Inam Commissioner's letter recorded in G.O., 22nd March 1861, No. 677, the settlement by the Inam Commissioner ordered in the case of the latter should also be extended to the former and similar ones in Kurnool. There is no necessity, therefore, for showing the settlement demands in their case as proposed.
