The Registers have been neatly kept which is Commendable, but nothing is paid as regards any grounds for believing that they are especially accurate which of Course is the most important point. If the Collector can report favorably on this, the Board will have pleasure in applying for sanction.

Sir

In reply to your Endorsement No: 511, dated 28th May 1875, on the Proceedings of the Board of Revenue dated 21st Idem, No: 4575, calling upon me to report as to the special accuracy of the entries in certain Death and Birth Returns, I have the honor to inform you, that the Tahsildar himself was directed to verify some of the entries by local Enquiry and I now beg to enclose copy of his report in which he says that the Returns were correctly prepared.

2. It is also regretted, however that the enquiry had also been made so long after the period to which the plates, I should, however, recommend the case for

favorable consideration as the grant of a reward is likely to act as a stimulus and secure more correct Returns.
