*Proceedings of the Madras Government, Revenue Department,
12th August 1876.*

No. 109. Read the following Proceedings of the Board of Revenue, dated 13th July 1876 No. 1,701:—

Read the following letters:—

From the Collector of Customs, Madras,	dated 2nd November 1875, No. 1,562.
" " of Tinnevely	" 4th " " " 580.
" " of South Canara,	" 19th February 1876, " 402.
" " of Malabar,	" 1st April " " 105.
" " of Madura,	" 7th June " " 224.
" " of do.	" 20th October 1875, " 435.

IN Board's Proceedings, dated the 11th September last, No. 2,553, the Collectors of the districts noted in the margin were called upon to explain the discrepancies between the figures relating to the export of cotton, contained in certain statements forwarded by them

1. Madras.
2. Tinnevely.
3. South Canara.
4. Malabar.
5. Madura.

to the Government of India, and those shown in the monthly accounts of trade and navigation forwarded to this office. The letters recorded above are in reply.

2. The subjoined table shows the differences in each district in the several months:—

Districts.	Months.	As per statement of India.	Returns.	Difference.
		lbs.	lbs.	lbs.
Madras	November 1873...	22,36,472	21,98,400	— 38,072
	June 1874...	43,63,744	41,98,800	—1,64,944
	December 1873...	31,41,325	23,31,901	—8,09,424
Tinnevely	March 1874...	75	16,275	+ 16,200
	February " "		560	+ 560
South Canara	January 1875 ..		364	+ 364
	October 1873...		71,456	+ 71,456
Malabar	June 1874...		56	+ 56
Madura				

3. *Madras.*—The difference of lbs. 38,072 in the month of November 1873 is due to cotton* exported to Pondicherry having been erroneously included under

* 38,100 lbs. "Exports to France" in the statement sent to the Government of India, while the same was properly exhibited under the coasting trade in the Trade Returns, and to the rounding of the figures. The difference of lbs. 1,64,944 in June 1874 is owing to the exports† to Havre having been omitted in the statement sent to

the Government of India, and to the figures having been rounded.

4. *Tinnevely.*—In this district the figures given in the office copies of the statements sent to the Government of India are reported to correspond with the figures given in the trade returns, which represent the correct quantities. The differences must therefore be due to some mistakes made in the fair copies of the statements sent to the Government of India.

Proceedings of the Madras Government, Revenue Department,
12th August 1876.

5. *South Canara*.—In this district, the discrepancy is due to the omission to send the statements of cotton exports for the months of February 1874 and January 1875 to the Government of India. Hence an error in the monthly returns, while no figures are given in the Supplement Gazette.

6. *Malabar*.—The Collector states that he forwarded a statement for October to Calcutta, while the statement does not appear to have reached the Government of India. The entry in the office copy of the statement sent to the Government of India is reported to be 638 cwts. and 24 lbs. or 71,480 lbs. The difference between this and the quantity entered in the Monthly Trade Returns, 24 lbs., being a fraction of a cwt., was not included in the latter.

7. *Madura*.—The quantity given in the Trade Return should have been 168 lbs. and not 56 lbs., which was entered by some miscalculation in the Board's Office. A blank statement appears to have been sent to the Government of India by the Collector, as the article exported was not ordinary cotton but silk cotton which is used for stuffing cushions, &c. In future, such cotton should be shown under "all other articles unmanufactured" in the Monthly Trade Returns.

8. The omissions and mistakes above referred to are not creditable to the establishments of the Collectors concerned. The Board trust that they will see that such mistakes do not recur.
