Board of Revenue
Madras.

Sir,
The village of Dumaqudem in the Phas-
chellam Taluk was built on a piece of low land
belonging to the Department Public Works. It con-
sists of several poor buildings not worth the
name of houses. The Executive Engineer, Mr.
Vanstavern, at Dumaqudem urged in 1873 the
necessity of removing the village, because he
considered that it was a place which even
in the present state of the embankment
is liable to inundation and in the event
of any of the protective works being destroy-
ed by extraordinary high floods, the

inhabitants would be in great danger. The
Chief Commissioner at Bangalore decided
that the village should be removed to some
other place near Gangole not far from
Dumagudem which was selected by a
Committee and approved of by the Chief
Commissioner.

2. Major Beatty also considered the site of
the present village insecure and he asked
Mr Foster for the 32 acres of Government
washe colored yellow in the enclosed map.
Mr Foster issued orders to the Bhadrachellam
Talukdar to reserve this for village site
and I have now the honor to ask the
sanction of the Board for the same. Mr
Vanstam the Executive Engineer will
lay out the proposed town, and it is hoped
that the superiority of the site will soon
attract those who now inhabit the low and

unhealthy site at Dumagudem.
