*Proceedings of the Madras Government, Revenue Department,
16th August 1876.*

No. 152. Read the following Proceedings of the Board of Revenue, dated 7th August 1876, Miscellaneous No. 6,686 :—

Read the following letter from J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue dated 30th June 1876, No. 160.

1. I HAVE the honor herewith to forward an application, in due form, from the Sub-Collector for the land required for the extension of the village site at Madanapally.

2. The town contains nearly 6,000 inhabitants, and is cramped between two small rivers. The streets are very narrow, and the houses much crowded. The proposed new site is near the new taluq cutcherry at present under construction, and is situated outside the town. The site is a good one, and will at once be taken up for building.

3. The houses to which Mr. Knox alludes in the last paragraph of his letter are a cluster of huts, which adjoin the east wall of the new cutcherry. It is, I think, very undesirable that there should be any houses adjoining the new cutcherries which are now being built, and I have invariably made a rule of keeping at least fifty yards clear space all round the compound wall. In this case the parties ask for a large sum as compensation. I have requested the Sub-Collector to endeavour to come to reasonable terms with them, and the result shall be duly reported.

4. The new site will be marked off into building plots as shown in the large map; and I have little doubt that the value will be almost, if not entirely, recovered by the sale of each plot.

In the above letter the Collector proposes an addition to the existing village-site at Madanapally of acres 22-19-0. Of this extent acres 8-22-10 are waste, and the remainder puttah and Inam lands. The puttah lands, acres 10-34-0, are recommended to be purchased at a cost of Rupees 550, and in lieu of acres 3-2-6, Inam land to be taken up, assessed at Rupees 3-14-9, it is proposed to grant a fresh assignment of acres 4-23-7, assessed at Rs. 3-14-9. A portion of the land thus recommended for assignment is held on puttah, and the Collector proposes to pay the owner Rupees 50. The total money-compensation to be paid, therefore, amounts to Rs. 600.

2. The necessity for the proposed extension being satisfactorily explained, the Board sanction the fresh assignment proposed, and request the sanction of Government for the disbursement of the money-compensation, Rupees 600. The Collector expects that the greater portion of this sum will be recovered by the sale of the land as house-sites.
