10th May 1876.

From

The Superintendent Revenue Survey.

To

The Secretary to Government,
Revenue Department.

SIR,

Colonel Cloete appeared at the head Survey office yesterday & verbally informed me that he had by the order of Government verbally communicated to him comes ~~thro' me~~ from Ootacamund.

I. to ascertain whether the large scale Maps of McKenzie have yet been lithographed & if they have

II. to direct me to furnish him with copies of them to exhibit at Council.

2. I have the honour to report that the orders of Government thus conveyed have been punctually obeyed & the records as per margin furnished to Col. Cloete.

	McKenzie Division	
A. 11 Denad village	1 Map 1 Land Register 1 Area list	
" 12 Melur village	2 Maps 2 Land Registers 1 Area list	

3. Col. Cloete could afford me no information regarding

regarding the object to be attained at an expenditure of Rs. 150/ which will I presume be debited to the Survey budget/ by despatching him on a journey of more than 700 miles, instead of using without cost the ordinary letter post, or the telegraph at a cost of some Rs.

Should Government deem it expedient again to communicate its orders to me verbally / indirectly I would respectfully suggest that the Officer actually in charge of the Neilgherry Survey Col. Defacy / who on this occasion has been ignored / would be a better medium of communication than Lt. Cloete my Junior Deputy who moreover at the present moment may be said actually to have no official status as he is on privilege leave.

5. Col. Defacy possesses more thorough information regarding the progress & state of the Neilgherry survey than any one else in the Department. He started it & was for many years in charge of it himself.
