Proceedings of the Madras Government, Revenue Department,
16th August 1876.

No. 154. Read the following Proceedings of the Board of Revenue, dated 3rd August 1876, No. 1,965 :—

Read the following letter from H. SEWELL, Esq., Acting Collector of Trichinopoly, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 14th July 1876, No. 187.

On the representation of the Divisional Officer that the Taluq Cutcherry building at Perambalore is very much in need of repairs, I addressed the District Engineer in view to the necessary repairs being executed, and that officer has, in reply, forwarded to me the report (herewith sent) of the Executive Range Officer with his own opinion that the building in question is perfectly useless; that any sum spent towards its repair would prove pure waste; and that a new building is very much required.

2. I have personally inspected the building, and I agree fully with Major Vertue that it is unsuited to the requirements of a Taluq Cutcherry. I wrote again to that officer to know if funds are available for the construction of a new building, and he has, in reply, stated that there is no chance of funds being allotted this year.

3. I have, under these circumstances, the honor to request that the Board will be good enough to apply to the Government for the allotment of the requisite funds as soon as they are available. In the meanwhile, such repairs as are absolutely necessary are being carried out.

Enclosure No. 1.—Assistant Engineer's Report.

[illegible] for the favorable consideration of Government with a request that an estimate may be called for in the Department of Public Works and an early allotment of funds made.

2. It appears that, though unsuitable in every respect for a Taluq Cutcherry, the only part of the present building which is not water-tight is the verandah and record-room, the roof of which having been constructed with unseasoned timber in 1872-73 defies all efforts to make it weather-proof.

(A true Copy and Extract.)

(Signed) C. A. GALTON,
Acting Secretary.

No. 155. Order thereon, 16th August 1876, No. 1,110.

Miscellaneous.

As no funds will be available for constructing a new cutcherry at Perambalur for some time, the present building should be put in needful repair and continue to be used till funds could be found.

(True Extract.)

New Taluq Cutcherry at Perambalur in T
ropoly District.—Ordering the present build
be put in needful repair and used till funds
be found for the construction of the —.

No. 1,965.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 3rd August 1876.

Read the following letter from H. SEWELL, Esq., Acting Collector of Trichinopoly, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 14th July 1876, No. 187 :—

ON the representation of the Divisional Officer that the Taluq Cutcherry building at Perambalore is very much in need of repairs, I addressed the District Engineer in view to the necessary repairs being executed, and that officer has, in reply, forwarded to me the report (herewith sent) of the Executive Range Officer with his own opinion that the building in question is perfectly useless; that any sum spent towards its repair would prove pure waste ; and that a new building is very much required.

2. I have personally inspected the building, and I agree fully with Major Vertue that it is unsuited to the requirements of a Taluq Cutcherry. I wrote again to that officer to know if funds are available for the construction of a new building, and he has, in reply, stated that there is no chance of funds being allotted this year.

3. I have, under these circumstances, the honor to request that the Board will be good enough to apply to the Government for the allotment of the requisite funds as soon as they are available. In the meanwhile, such repairs as are absolutely necessary are being carried out.

ENCLOSURE No. 1.—Assistant Engineer's Report.

SUBMITTED for the favorable consideration of Government with a request that an estimate may be called for in the Department of Public Works and an early allotment of funds made.

2. It appears that, though unsuitable in every respect for a Taluq Cutcherry, the only part of the present building which is not water-tight is the verandah and record-room, the roof of which having been constructed with unseasoned timber in 1872-73 defies all efforts to make it weather-proof.
