*Proceedings of the Madras Government, Public Works Department,
24th April 1876.*

No. 327. Read the following letter from Colonel C. H. DICKENS, R.A., Secretary to the Government of India (Public Works Department, (Account-General)), to Major-General G. FALKER, R.E., Secretary to the Government of Madras, Public Works Department, dated Fort William, 4th April 1876, No. 333 A.—G.

I am directed to acknowledge receipt of your letter, No. 570, dated 3rd March 1876, forwarding a Budget Estimate of Salt Public Works in Madras for 1876-77, and in reply to state as follows:

2. The total of this estimate amounts to Rs. 87,670, to which 25 per cent. should be added for Establishment charges, making the aggregate Rs. 1,09,587. But financial reasons have rendered it necessary to reduce the estimate to Rs. 75,200, and this amount is accordingly been allowed in the Budget for 1876-77.

3. The reduction made in the demand for the Harigoshi Project. Regarding this work I am to say that no expenditure should be incurred on it until the plans and estimates for the project have been prepared and sanctioned by competent authority, and the necessity for the expenditure admitted by the Government of India in the Department of Revenue, Agriculture, and Commerce.
