*Proceedings of the Madras Government, Revenue Department,
27th January 1876.*

No. 235. Read the following letter from Surgeon-General E. G. BALFOUR, Surgeon-General, Indian Medical Department, to D. F. CARMICHAEL, Esq., Secretary to Government, Revenue Department, dated Fort St. George, 19th January 1876, No. 24 :—

In reference to paragraph 2 of G.O., No. 60, of 14th January 1876, I have the honor to report, for the information of His Grace the Governor in Council, that, in my opinion, it will be necessary to appoint a special Analyst to furnish the Salt Commission with the requisite information as to the quality and composition of the salt produced at the various works in this Presidency.

2. I recommend for this duty Surgeon Henry James Hazlett. This officer has recently returned from furlough to Europe, and while on leave there he acquired special proficiency in analysis, as will be seen from the enclosed copy of a Certificate from Professor Galloway of Dublin. On the strength of this testimony, I have full confidence in his being well qualified for the duty, and Surgeon Hazlett has intimated that he is ready to undertake the work.

3. I presume it will not be necessary for him to travel with the Commission, and I would suggest that, with the sanction of the Educational authorities, he be permitted to conduct his analysis with the apparatus of and in the laboratory of the Medical College. Should any requisite articles not be available there, they may be procured on Indent.

4. Surgeon Hazlett is at present in medical charge of a regiment on a salary of Rs. 600 per mensem, and I have, therefore, the honor to recommend that he receive this amount *plus* Rs. 150, these being the allowances granted in G.O., No. 191, of 30th January 1872, to Surgeon Ratton, who is employed on precisely similar duty. Should it be necessary for him to travel, he should in addition draw the usual travelling allowances and Rs. 5 per diem, as granted to a Civil Surgeon when moving in his district on duty.

No. 236. ORDER THEREON, 27th January 1876, No. 117.

Separate Revenue, No. 23.
Salt.

COMMUNICATED to the President of the Salt Commission. The Governor in Council sanctions the employment of Dr. Hazlett under the orders of the

Commissioners on the terms proposed by the Surgeon-General.

(True Extract.)

(Signed) D. F. CARMICHAEL,
Secretary to Government.

To the President of the Salt Commission.

My dear Mr. Carmichael

We shall not want
the analyst to accompany us
on tour, nor shall we want
him as we I think for about
a month. We have written to
Oulton to collect specimens
from fairs & bazaars, and these
will take some time coming
in.

Ratten has, I believe, got his

Science and Art Department

Royal College of Science

for Ireland

Stephen's Green, Dublin

17th July 1875

Dr Hazlett studied Practical
Chemistry with me in the Laboratory
of this College during the sessions 1873-
74 and 1874-75. After going through
the full course of Qualitative and
Quantitative Analysis Dr Hazlett
occupied himself principally with
the analysis of Waters, food, ferrous,
wine and vinegar.

Dr Hazlett is an excellent

Analyst, and he is thoroughly com-
petent to undertake the exami-
nation of substances in connection
with sanitary matters, the analy-
sis of ores, &c.

(Signed) Robert Gallway
Professor of Chemistry.

Author of a Manual of
Qualitative Analysis, &c.

Surgeon General USA

No. 24.

OFFICE OF SURGEON-GENERAL, I. M. D.,

Fort Saint George, 19 January 1876.

From

SURGEON-GENERAL EDWARD BALFOUR,

Surgeon-General,

Indian Medical Department,

Fort Saint George.

To

The Chief Secretary to Government
Revenue Department.

Sir,

In reference to para 2 of G.O. No. 1 of
4th January 1876, I have the honor to report for
the information of His Grace the Governor in Council
that, in my opinion, it will be necessary to appoint
~~a special committee~~ to furnish the Government
with the requisite information as to the quality
and composition of the salt produced at the
various works in this Presidency.

I recommend for this duty Surgeon
Henry James Haylett. This officer has recently
returned from furlough to Europe, and while on
leave there he acquired special proficiency in
analysis, as will be seen from the enclosed copy
of a certificate from Professor Galloway of Berlin.
In the strength of this testimonial I have full
confidence.

Recd 19/1/76

confidence in his being well qualified for the duty,
and Surgeon Magill has intimated that he is
ready to undertake the work.

3. I presume it will not be necessary for
him to travel with Commission, and I would
suggest that, with the sanction of the educational
authorities, he be permitted to conduct his
analyses with the apparatus of and in the
laboratory of the medical college. Should any
requisite articles not be available there they
may be procured on indent.

Surgeon Magill is at present in
medical charge of a Regiment on a salary of
Rupees 600 per mensem, and I have therefore
the honor to recommend that he receive this
amount plus Rupees 100, there being the allow-
ance granted in G.O. No. 191 of 30 January
1878 to Surgeon Mallon, who is employed
on precisely similar duty. Should it be
necessary for him to travel he should in
addition draw the usual travelling allowance.

and

and Rupees 5 per diem, as granted to a Civil
Surgeon when moving in his district on duty.

I have the honor to be,

Sir,

Your most obedient servant,

C. Allen Major Surgeon General
Surgeon General I.M.S.
