*Proceedings of the Madras Government, Public Works Department,
4th January 1876.*

Read the following papers :—

Proceedings of the Madras Government in the Revenue Department, dated 10th
September 1875, No. 1,353. •

ABSTRACT—*Sub-Collector's House at Erode in Coimbatore District.*—Observing that, as the sum named will not secure a comfortable residence, there will be no objection to the cost being raised to Rupees 15,000; and with reference to the rent to be paid for the—desiring to be informed as to the rate at which the Assistant Superintendent of Police is charged.

Proceedings of the Madras Government in the Revenue Department, dated 8th June
1875, No. 892.

Proceedings of the Board of Revenue, dated 13th May 1875, No. 1,271.

From A. WEDDERBURN, Esq., Collector of Coimbatore, to H. E. STOKES, Esq.,
Acting Secretary to the Board of Revenue, dated Coimbatore, 22nd April
1875, No. 27.

I HAVE the honor to forward, for the orders of Government, a plan and estimate for a Sub-Collector's house at Erode prepared by the Superintending Engineer.

2. I am of opinion that the house is on an unnecessarily large scale. Two public rooms, 30' x 24' and 30' x 21', and two bed-rooms 24' x 20' each, might be replaced by some of smaller dimensions. In former days Rupees 5,000 was thought a good price for a Sub-Collector's house. Rates may have since risen, but I think a standard plan should be adopted for the various grades of officers.

ENCLOSURE No. 1.—Plan.

ENCLOSURE No. 2.—Estimate.

This plan and estimate will be submitted for the orders of Government.

2. The Board think that the Sub-Collector should be provided with a good house, and the plan seems to meet requirements. A suitable rental can be charged to cover the Government outlay; but the rent which a Sub-Collector can well afford to pay, viz., from Rupees 80 to 100 a month, should enable Government to provide an excellent house without loss. The Board think that it would be well if Government would declare what percentage they require on such outlay. If this were settled there would be some guide as to the amount which ought to be sanctioned for houses for each grade.

(A true Copy and Extract.)

(Signed) H. E. STOKES,
Acting Secretary.

Miscellaneous

GOVERNMENT consider that interest, at the rate of 8 per cent, should be realized by way of rent on residences built or purchased by Government to cover repairs, wear and tear, &c., in addition to the interest on capital.

*Proceedings of the Madras Government, Public Works Department,
4th January 1876.*

2. The plan now forwarded should be revised so as to bring the total amount within Rupees 12,000. This might be effected by a slight reduction in the dimensions of the public rooms, and if arch were substituted for the partition wall between them they would be cooler.

3. The arrangement of the dressing and bath-rooms in reference to their position seems to admit of advantageous modification.

4. Supposing one to be used with the dressing-room, the other cannot be reached from the bed-room without going out into the verandah. The dressing-room is ill-ventilated.
