Grounds of Application, in detail

Honda gattapally was separated from Patnam in 1873 (Fashi 1283) considering its

its large area. The former is situated 3 miles from the latter.

The village Officers and other artisans now appointed for Hon-dagattupally, and who were formerly living at Patnam request to have their houses built at the Thustak Village. The Tahsildar has inspected the village on the 18<sup>th</sup> October 1875, and found that the village is so much crowded and surrounded on all sides by occupied dry fields that there is not a foot of ground for strangers to build their houses on.

From his enquiries, it appears that many people are likely to build their houses in the site now proposed.

The new site is an extension of the

the old village, and in every way situated for a village. There is a well close by it, the water of which is used by the inhabitants.

The compensation asked for Viz. Rupees 65-4-0 being reasonable, I recommend that the same be paid and the ground purchased.
