Proceedings of the Madras Government, Revenue Department,
26th September 1876.

No. 272. Read the following Proceedings of the Board of Revenue, dated 12th September 1876, No. 2,322 :—

Read the following letter from J. R. DANIEL, Esq., Acting Collector of Cuddapah, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 22nd August 1876, No. 218.

In G.O., Public Works Department, No. 786, of 28th March 1876, the Government have sanctioned an estimate of Rupees 4,550 for the repairs of the Wattaloor tank, but it now appears that this tank is not a Government but a Dasabandam tank.

2. In 1873 the then Tahsildar of Pullampet submitted to the Public Works Department a list of works requiring repair, and in this list he entered this Wattaloor tank as a Government tank ; this was the origin of the error, and the tank has since then been treated as a Government tank, and, in addition to the estimate now sanctioned, the following sums have been expended by Government :—

	Estimate.			Expended.		
	Rs.	A.	P.	Rs.	A.	P.
1873	150	0	0	146	11	7
1874-75	470	0	0	363	15	0
1875-76				109	8	0

This tank is entered in the Inam Register as a Dasabandam tank.

3. The total extent of Dasabandam Inam originally granted for the upkeep of the tank was Acres 21·16, assessment Rupees 188-10-7, but before the Inam settlement the Dasabandamdars had relinquished Acres 14·82, assessment Rupees 127-10-7. At the Inam settlement the remaining extent, Acres 6·13, assessed at Rupees 61-8-0, was confirmed to Ambati Subba Reddi and Gobburu Anantaraz under a title-deed, quit-rent Rupees 36-12-0, subject to no interference from Government so long as the conditions of the grant were fulfilled.

4. The Dasabandamdars therefore enjoy only the difference between the assessment and the quit-rent, or Rupees 24-12-0. I have called upon them to pay what has been already expended, and also to put the tank into thorough repair ; but, considering the small amount of their Inam, it is scarcely probable that they will undertake the work, and then the Inam must be resumed.

5. I bring this to the notice of the Board in order that they may pass such orders as they think right in regard to the continuation of the sanctioned work.

Submitted for the orders of Government.

2. The tank is a valuable one and must be repaired, but it is hopeless to expect that the Inamdars will refund what has already been expended and execute further repairs to the amount of Rupees 4,550, the value of the Inam being only Rupees 24-12-0 per annum. The Board would suggest that the Inam should be resumed.

3. The Collector should warn Tahsildars to be more careful in submitting lists of irrigation works requiring repair.

Miscellaneous.

THE conditions of the grant, as confirmed by the Inam Commissioner, should be stated. It can scarcely be expected that the Inamdars would have stipulated to keep the tank in repair for the small extent of Inam confirmed to them.

2. Copy of these Proceedings will be furnished to the Public Works Department.

3. Paragraph 3 of the Board's Proceedings should be circulated to all Collectors.
