*Proceedings of the Madras Government, Revenue Department,
27th September 1876.*

No. 313. Read the following Proceedings of the Board of Revenue, dated 22nd September 1876, Miscellaneous No. 8,145 :—

Read the following letter from A. WEDDERBURN, Esq., Collector of Coimbatore, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated 7th September 1876, No. 192.

With reference to the Board's Proceedings, Miscellaneous No. 6,707, of 8th August 1876, I have the honor to forward an Indent for the map of India required for the use of this Office.

2. The Government Order communicated with the Board's Miscellaneous No. 7,407, of 30th August 1876, requires further ground to be shown for the necessity of the map. A difficulty was experienced in the Money Order Department for want of a map to designate the station or town nearest which the order was required. For instance, the Money Order Office of Morar is Gwalior. Application was made to send certain things to places in Central India, and whether there was a rail to the place or not was of importance to know. Without a map of India no information can be got regarding provinces out of Madras; the cost of the map is a trifle compared with its advantage.

SUBMITTED for the orders of Government with reference to G.O., dated 14th August 1876, No. 1,914, Revenue Department.

If this Indent were sanctioned, there would arise a very inconvenient precedent for furnishing all public offices with expensive maps of India.

2. Every Collector, it is observed, is supplied annually with the Asylum Almanac; this periodical contained an excellent map of the country, three years ago. There is also the Indian Bradshaw, published monthly, price 8 Annas, with a first-rate map of the railway system.
