Read the following letter from J. HOPE, Esq., Acting Collector of the Godavery District, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Cocanada, 21st August 1876, No. 248 :—

REFERRING to my telegram of the 18th May last, I have the honor to submit herewith a copy (No. 1) of the report [1] received from the Head Assistant Collector Mr. Bird, who marked the boundary line between the British and the Nizam's Dominions in company with the second Talugdar of Kumbammettu under the instructions of Government contained in their Order, No. 1,735, dated 2nd December last, communicated with Board's Proceedings of the 20th idem, Miscellaneous No. 11,146. The settlement paper was signed by the second Talugdar deputed by the Nizam's Government, and a copy (No. 2) of it sent herewith.

[1] Dated 18th April 1876, No. 89.

2. With reference to paragraph 6 of Mr. Bird's report, I beg to state that the Tahsildar of Ellore has been directed to see that the stones are correctly placed under the superintendence of the Revenue Inspector, who was present with Mr. Bird and the Talugdar when the line was marked out.

Enclosure No. 1.

From C. A. BIRD, Esq., Acting Head Assistant Collector, to J. HOPE, Esq., Acting Collector of the Godavery District, dated Ellore, 18th April 1876, No. 80.

I HAVE the honor to report that I met the Nizam's Officer according to the instructions contained in the G. O., No. 1,735, dated 2nd December 1875, for the settlement of 32 miles of the boundary between the British and Nizam's Dominions on the 22nd March 1876, and we both personally fixed the line and completed it on the 3rd April 1876.

2. There was a dispute about a small portion of the line between the ryots of the Nizam's village of Mundapalli and those of the British Zemindari village of Summapurallapalli, but, after inquiry and personal inspection of the different lines &c., we adopted one which we considered correct.

3. The Tahsildar reports that there was a dispute about another portion of the line, but that had been already settled previously by the Demarcation Officers, and there was no objection made to that line where we marked it off.

4. As I am leaving the district I shall not be able to see to the correct placing of the stones, but I enclose a statement shewing the positions in which they should be, and have directed the Revenue Inspector to see to the correct setting of the boundary stones according to that statement.

5. I enclose copy of a letter I have addressed to the Talugdar, and will forward the statement signed by him as soon as it arrives.

6. I request that you will make such arrangements as you may think necessary for testing whether the stones are correctly placed.

(True Copy). (Signed) J. HOPE,
Acting Collector.
