B.P. No.		Mis.
Dated	16. 6. 1876.	196

Not to be folded or roughly handled

Municipal—Report.

No. 235. Read the following letter from H. S. THOMAS, Esq., President of the Municipal Commission, Mayaveram, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort Saint George, dated Tanjore, 14th October 1875, No. 255:—

I have the honor to submit the annual report of the Municipal Commissioners of Mayaveram on the working of the Towns Improvement Act in that town during 1874-75, together with the statements of receipts and expenditure in the prescribed forms, and the statement showing the incidence of taxation during the same year.

2. I beg also to forward the report of the Medical Officer in charge of the Dispensary at Mayaveram on the working of that institution during the same year.

3. Mr. George Heyne, employed in the General Stores Department, South Indian Railway, Negapatam, audited, under my orders, the accounts of the Municipality for the year under report, and reported them correct. The suggestions contained in paragraphs 2 and 3 of his report, which is herein enclosed, have been recommended to the Vice-President for adoption.

4. The report submitted by the School Managing Commissioner on the working of the Municipal Schools at Mayaveram is also herewith sent.

5. It will be seen from the Statements I and II that the gross receipts and disbursements of the Municipality, for the year under report, amounted to Rupees 18,723-6-1 and Rupees 16,240-7-8, respectively, and that the closing balance was Rupees 2,482-14-5. The necessary explanation regarding the various items of receipts and expenditure are given in the report of the Commissioners.

From M. R. WELD, Esq., Vice-President of the Municipal Commission, Mayaveram, to H. S. THOMAS, Esq., President of the Municipal Commission, Mayaveram, dated 15th September 1875, No. 88.

I have the honor to submit the annual report on the working of the Mayaveram Municipality for the official year 1874-75, together with the statements of receipts and expenditure prepared according to the forms prescribed by Government and certified by the Auditor.

2. The report of the Dispensary at this station received from the Hospital Apprentice in charge of it is herewith forwarded in obedience to the G.O., No. 209, dated 2nd March 1872.

3. From Statement I it will be observed that the gross receipts amounted to Rupees 18,723-6-1, and from Statement II the disbursements amounted to Rupees 16,240-7-8, leaving a balance of Rupees 2,482-14-5 at the beginning of the official year 1875-76.

*Proceedings of the Madras Government, Financial Department,
27th May 1876.*

4. The actual collection during the year under report, as shown below, amounted to Rupees 16,804-2-3, and the unexpended balance of the previous year was Rupees 1,919-3-10 :—

Items.	Actual Receipts.			Budget Estimate.		
	RS.	A.	P.	RS.	A.	P.
1. Surplus of Cattle Pound Fund	62	15	5	100	0	0
2. Contribution from Government	660	0	0	...	...	...
3. Rates on Houses and Lands	5,509	8	6	5,200	0	0
4. Tax on Arts (Arrears)	207	0	0	...	...	...
5. Tax on Vehicles	604	4	0	500	0	0
6. Registration of Carts	500	0	0	330	0	0
7. Tolls	6,270	0	0	5,500	0	0
8. Fees (Sections 123, 125, 130, 136, 138, and Schedule A)	644	2	0	1,000	0	0
9. Magisterial Fines	110	8	0	50	0	0
10. Fees in Municipal Schools	672	7	6	300	0	0
11. Endowments and Contribution from Local Fund for Hospital	900	0	0	600	0	0
12. Miscellaneous	537	13	11	120	0	0
13. Advance recovered	125	6	11	...	...	...
Total	16,804	2	3	13,700	0	0

5. *Pound Fund.*—The receipt under this head is Rupees 62-15-5 against the estimate of Rupees 100. The amount due for the last two quarters, Rupees 19-12-3, was not received till July after the close of the year under report. Hence the apparent decrease.

6. *Government Contribution.*—A sum of Rupees 660 was received which was not entered in the Budget. After the abolition of the late Anglo-Vernacular School at this station the Commissioners applied to Government for a grant of Rupees 60 per mensem which was granted for the upkeep of a higher-class school—vide G.O., No. 1070, dated 26th June 1874.

7. *Rate on Houses and Lands.*—The demand under this head according to the register is Rupees 6,158-4-8, while the estimate is Rupees 5,200, of which a sum of Rupees 4,954-7-1 was realized. Measures have been taken to collect the remainder. Under this head there remained an arrear of Rupees 571-13-6 at the commencement of the year under report, of which Rupees 555-1-5 were realized, the remainder Rupees 16-12-1 being struck off the account as irrecoverable.

8. *Tax on Arts.*—In the beginning of the year there remained a sum of Rupees 472-8-0 to be collected. Of this, Rupees 207 were collected, and the remainder was written off as irrecoverable on account of absentees, deceased, and paupers.

9. *Tax on Vehicles.*—The aggregate sum collected under this head amounted to Rupees 604-4-0, against the estimate of Rupees 500, being Rupees 104-4-0 more than the estimate.

10. *Registration of Carts.*—The collection under this item came to Rupees 500, being Rupees 170 more than the Budget Estimate. The increase under this head, as well as under the head of Tax on Vehicles, is chiefly due to the strict supervision exercised by the Commissioners in the collection of these taxes.

11. *Tolls.*—This continues to be the chief source of income to this Municipality. The toll gates were put into public auction singly, and knocked down to the highest bidders for Rupees 6,595. One of them presented a petition stating that he sustained loss by the opening of a new road some four miles to the west of the municipal limits. On examining the accounts of that gate the Commissioners found that his statements were true, and resolved to remit Rupees 325 out of the contract amount. Even after this decrease the actual collection under this head was Rupees 6,270, being Rupees 770 more than the Budget Estimate.

12. *License Fees.*—The receipts under this head amounted to Rupees 644-2-0, being Rupees 355-14-0 less than the estimate. The reason of this is that, at the time the Budget was framed,

*Proceedings of the Madras Government, Financial Department,
27th May 1876.*

the Commissioners thought of obliging all dyers, those in red as well as those in blue, to take out licenses under Section 130, but afterwards resolved to continue the old practice of exempting dyers in red whose operations do not cause an offensive smell as do those of the dyers in blue. Hence the decrease.

13. *Fees in Schools.*—The collections under this head amounted to Rupees 672-7-6 against the estimate of Rupees 300. The increase is chiefly attributable to the introduction of a new higher class in one of the Municipal Schools, and to the increased scale of fees.

14. *Contribution from Local Funds.*—The actual sum received under this head is Rupees 900, being Rupees 300 more than the estimate. The reason of this apparent increase is that Rupees 300, the Local Fund Board contribution to the Mayaveram Municipality, due for the last year, was not received till this year.

15. *Miscellaneous Receipts.*—Under this head Rupees 537-13-11 were collected. In this a sum of Rupees 200 contributed by the inhabitants of Cavarai Street in Tiruvilander for the improvement of a tank is included. Hence the large increase.

16. The net expenditure, as shown below, amounted to Rupees 16,240-7-8 against the estimate of Rupees 15,200 :—

	Actual Expenditure.			Budget Estimate.		
	RS.	A.	P.	RS.	A.	P.
Grant I	5,361	6	2	5,216	0	0
Grant II	1,946	1	4	2,030	0	0
Grant III	5,733	2	2	5,438	0	0
Grant IV	1,909	9	1	1,336	0	0
Grant V	1,156	5	2	1,180	0	0
Advance recovered	133	15	9	...	...	...
Total	16,240	7	8	15,200	0	0

17. *GRANT I—New Works.*—Under this head a sum of Rupees 2,223-9-11 was expended against the estimate of Rupees 2,046. A sum of Rupees 500 was allotted in the Budget for the erection of one ward for the Hospital. Subsequently the Commissioners thought it necessary to erect two wards for the Hospital and quarters for the Hospital Apprentice, and for these the sum allotted for the school-building was appropriated. For the school-building provision is made in this year's Budget.

18. *Repairs.*—Under this head a sum of Rupees 1,612-5-10 was expended against the estimate of Rupees 754. The Commissioners having found, at the commencement of the year under report, that the metalled roads in the town were in want of great repairs, resolved to undertake the work, and allotted therefor a sum of Rupees 828-13-3, including the sum of Rupees 300 allotted for the construction of two bridges in Sendangoody road, which were completed in the previous year, and Rupees 248 for the erection of six tunnels the construction of which was postponed.

19. The actual cost of establishment was Rupees 1,497-13-7, which is nearly equal to the Budget Estimate.

20. *GRANT II—Education.*—A sum of Rupees 1,946-1-4 was expended under this head compared with Rupees 2,030 entered in the Budget. Of this, Rupees 1,722-6-9 were expended for the Establishment, Rupees 166-10-7 for Contingencies and House-rent, and Rupees 57 for Results Grants. No contribution was paid to the Local Fund Board for Educational Inspectorate, as the Commissioners did not receive the bill during the year under report. The increase under the head of "Establishment" is chiefly attributable to the following; the entertainment of a teacher for the higher class opened in the Mayaveram Division Municipal School, and the introduction of a Sanskrit Class which was abolished after six months as it did not prosper. The report received from the School Managing Commissioner is herewith annexed.

*Proceedings of the Madras Government, Financial Department,
27th May 1876.*

21. *Sanitation and Medical Services.*—The expenditure under this head was Rupees 5,733-2-2 against the estimate of Rupees 5,438.

22. *Hospital.*—Two wards, one for males and the other for females, were constructed for the accommodation of in-patients. The cost of establishment is Rupees 948, which is little more than the estimate. The Commissioners observe that the reason why the attendance for the entire year fell short of that of the previous year is, as stated in his report by the Hospital Apprentice, the substitution of an East Indian for a Native Medical Officer. They observe with pleasure that the average for the last five months after the people had become accustomed to the new medical officer is high, 1,212 for the five months, giving an average of 2,909 for the entire year.

23. During the year the midwife attended 143 cases of confinement.

24. *Vaccination.*—The expenditure under this item exceeded the estimate by Rupees 59-12-0. The Commissioners at the time of framing the Budget were of opinion that the salary of the Vaccinator should be fixed at Rupees 10 per mensem. Subsequently, thinking that this system would not work well, they resolved to follow the former plan of paying a fee of 4 Annas for every successful case. His work is supervised by the Hospital Apprentice. Seven hundred and sixty-four cases were vaccinated, of which 724 proved successful.

25. *Registration of Births and Deaths.*—This was, as stated in the last year's report, conducted in the town by the general establishment. A sum of Rupees 14-10-1 was paid to the nine village Magistrates whose vattams are included in the town, who send in lists showing the births and deaths occurring in their respective vattams, through the Tahsildar, by which the office register is checked. Six hundred and fifty-five births and 506 deaths were registered in the year.

26. *Conservancy.*—The establishment consists of one Nuisance Inspector, two Peons, two Kavalgars, and ten Toties. There are eighteen scavenging carts belonging to the Commissioners, but the bullocks and sweepers for these were hired on contract as usual. From the diaries of the Nuisance Inspector it appears that he inspected 644 private houses and gardens. It is the duty of the Kavalgars to watch the banks of the Cauvery, and prevent the commission of nuisances on them. The existing five latrines were repaired. Special sanitary arrangements were made during the late Thulamasam festival by providing two additional carts, five Kavalgars, and twelve toties. Five temporary latrines were also erected.

27. *GRANT IV—Miscellaneous Municipal Purposes.*—The aggregate sum expended under this head amounted to Rupees 1,909-9-1, against the estimate of Rupees 1,336. The increase is chiefly attributed to the purchase of two pieces of grounds for the Hospital wards and Apprentice's quarters, and to the purchase of granite blocks for marking out the line of streets, and to the cost of numbering houses. For these there was no provision made in the Budget.

28. *Lighting.*—The town is lighted with ninety-four lanterns burning kerosene oil. No separate establishment is entertained for this. The road coolies are employed in lighting them. During the Thulamasam festival sixteen additional lights were put up at a cost of Rupees 18-3-2.

29. *Avenue.*—A sum of Rupees 222-2-6 was expended under this head. The trees planted on the roadsides in the previous years, are in a thriving condition. Separate coolies were employed in sprinkling the main streets and roads with water during the hot season.

30. During hot weather pits were dug in the sandy bed of the Cauvery to provide the town with drinking water. To keep the water fresh they were frequently bailed out by picottas. The establishment for this cost Rupees 194, being Rupees 94 more than the Budget Estimate.

31. During the year seventy stray dogs were destroyed at a cost of Rupees 10-13-0.

32. *GRANT V—Supervision and Management.*—Under this a sum of Rupees 849-3-2 was expended against the estimate of Rupees 828. The increase is owing to the entertainment of Masaljes from the commencement of September 1874.

33. *Contingencies.*—The Budget grant is Rupees 222, and the actual expenditure is Rupees 197-4-0.

34. During the year under report the town was free from epidemic diseases, except a few cases of small-pox. Cholera never made its appearance during the year.

*Proceedings of the Madras Government, Financial Department,
27th May 1876.*

From Mr. G. HEYNE, Auditor of the Municipal Accounts, Mayaveram, to H. S. THOMAS, Esq., President of the Municipal Commission, Mayaveram, dated Negapatam, 7th June 1875.

With reference to your letter, No. 74, of the 20th May last, I beg to state that I proceeded to Mayaveram and examined the accounts of the Municipality at that place, and I have much pleasure in saying that I found them all correct, the several entries in the cash-book being supported by their necessary vouchers.

During my examination I remarked that no Journal or Ledger books were kept, the entries from the cash-book being simply made in sheet abstracts; I would suggest that books be kept for these two important parts of entries; half-a-dozen sheets stitched together are in every way liable to be lost or mislaid; besides having books for this purpose, the method of keeping these should be different from that carried on in the sheet journal and ledger. I pointed out to the Head Clerk (who very readily gave me all the assistance and information I required on the occasion of my auditing the accounts, and who seemed to understand his work thoroughly) the way in which he might in future keep these books.

I found also that deposits were not taken to account in the cash-book, unless in case of a forfeiture; this I think should be done, as no other record but a statement in pamphlet form of receipts and disbursements of these was kept.

I have much pleasure in forwarding, herewith, a balance-sheet statement of receipts and expenditure, and a letter from the Tahsildar in support of the balance at the Treasury.

From C. SAMBASIVA AIYAR, School Managing Commissioner, to M. R. WELD, Esq., Vice-President of the Municipal Commission, Mayaveram, dated Mayaveram, 7th September 1875.

I have the honor to submit on behalf of the Educational Board the report on the working of the three Municipal Schools during the official year 1874-75.

2. The number of pupils on the rolls at the beginning of the year was 143, 106, and 70 in the Mayaveram, Tiruvilander, and Kornad Schools, respectively, and the strength of the schools on the 31st March 1875, as shown below, was almost the same with a little increase in those of Tiruvilander and Kornad:—

Mayaveram.	Tiruvilander.	Kornad.
143	112	76

As the Rev. A. Mayr gave up the management of the schools in the middle of the year, the Commissioners formed a Committee for the management of the schools consisting of the following gentlemen:—

Mr. A. R. Veerasami Aiyar, District Munsif.

„ M. Sami Rao, Tahsildar.

„ S. Vedanayagam Pillai, Pensioned Munsif.

„ A. Sami Aiyar, Head Clerk of the Head Assistant Collector's Office.

„ C. Sambasiva Aiyar, Sub-Registrar and School Managing Commissioner.

Owing to the abolition of the late Government Anglo-Vernacular School, a demand for higher education was felt, and a new class with a standard corresponding to that of the second class in the Town School at Combaconum was accordingly started in the Mayaveram School in October last and placed in charge of A. G. Hari Rao, F.A., of the Madras University, who was educated in the Provincial College at Combaconum.

As the pupils had to be selected for the new class, a cursory examination was held in the three schools, classes were newly formed, and the standard of lessons in all the classes was almost assimilated to that of the Town School, Combaconum.

One of the important changes of the year was the reduction of school hours from seven to six. The rule of exempting students from payment of school fees on the ground of poverty was restricted to purely vernacular classes alone. The furniture of the late Government Anglo-Vernacular School were handed over to the Commissioners, gratis, for the use of their schools. The Government were, on the application of the Commissioners, pleased to sanction the payment of an annual grant of Rupees 720 in their Order, No. 1070, dated 26th June 1874.

Proceedings of the Madras Government, Financial Department,
27th May 1876.

Teachers of better qualifications were introduced in the schools, and three of the Assistant Teachers were made to pass the 5th Grade Teachers' Certificate Examination. Thirteen classes were working on the 31st March 1874 with thirteen teachers, of whom only six were passed men; whereas the number of classes on the 31st March last rose to sixteen with sixteen teachers, twelve of whom are passed candidates.

As the strength of the Kornad School was falling, a pial school of twenty-eight boys with the teacher was amalgamated. A new higher class was also started at Tiruvilandur. These two classes added to the one established as aforesaid in the Mayaveram School during October increased the number to sixteen with of course three additional teachers. There was only one peon for the three schools; but in June 1874 two more were appointed. The annexed statement compares the number of classes and teachers as they stood on the 31st March 1875 with that on the 31st March 1874.

The Rev. A. Mayr, the then Managing Commissioner, twice examined the schools in 1873, and prizes were distributed in the month of December of that year. The schools were again examined in March following by the Deputy Inspector of Schools, Negapatam Circle, and his remarks were satisfactory. In the official year under report the schools were, excluding the periodical inspections of the Members of the Educational Board, examined twice by the Inspecting Schoolmaster, and the reports were favorable. Mr. Caldwell, the Inspector of the 4th Division, visited the schools in February last. The following is an extract from his letter on the subject:—

"I take the opportunity of recording my sense of the gratification which the inspection of the Mayaveram Municipal Schools afforded me. I am glad to be able to bear testimony to the regularity and efficiency of their working, and to the excellent results that they have produced."

The Mayaveram and Tiruvilandur Schools kept up their stability, while the state of the Kornad School seemed to be precarious. A meeting presided over by Mr. Weld was convened at Tiruvilandur to advise the School of the place to send their boys to the school. As the object of the meeting was not wholly realized, some better arrangements for the improvement of education in Kornad were matured at the end of the year, the details of which will find place in the current year's report. The Sanskrit Class started in April 1874 was abolished in October, as it was ill-attended, and the income was not adequate for its maintenance. As the Tiruvilandur School was located in an ill-ventilated old house, the Commissioners erected a new school-house of their own in a commanding locality at a cost of about Rupees 1,900, and the school was accordingly removed to the new building at the beginning of the year. The Commissioners have already made arrangements to provide a new school-house at Mayaveram.

The actual receipts (in the shape of fees and fines) during the official years 1873-74 and 1874-75 were Rupees 402-2-0 and Rupees 672-7-6, respectively. The difference of Rupees 372-7-6 between the amount budgeted for and the actual receipts during the latter year was owing to the slightly increased scale of fees, and to the opening of a new class at Mayaveram. The

* This sum includes result grants of Rupees 55 paid to two pial school-teachers, and Rupees 255 contributed to the Local Fund Board for Educational Inspectorate.

amount actually spent in the year was Rupees 1,946-1-4,* which exceeded the previous year's expenditure by Rupees 198-4-7. This excess was caused by the pay of the increased number of teachers and peons. The second clerk of the Municipal Office was doing the inspection work for the first half of the year with an additional remuneration of Rupees 5, and from October the Headmaster of the Mayaveram School was appointed to inspect the schools in addition to his own work. As the members of the Educational Board thought it necessary to have a Curator for the safe keeping of school property, preparing periodical returns, and for the charge of the Book Depôt, the second clerk of the Municipal Office was appointed as Curator in October to work under the immediate supervision of the School Managing Commissioner with an allowance of Rupees 5. It is a matter of regret that the Government declined to sanction the establishment of a Branch Book Depôt at Mayaveram. The average number of boys on the rolls and their average monthly attendance were 322 and 226, respectively.

In conclusion, I am glad to say that the schools worked satisfactorily during the year and produced better results, and I tender my thanks to the members of the Educational Board, especially to Messrs. A. R. Veerasami Aiyar, M. Sami Row, and A. Sami Aiyar, for the valuable assistance rendered by them.

Proceedings of the Madras Government, Financial Department,
27th May 1876.

Torture

In having on the night of 26th May 1857 at Tariat Tarrak, in the Union of Eddanarasar, of the Wagon Talook, being up, with tied arms, the Complainant, beaten and otherwise Plaintiff with a view to force him to sign a certain Document.

Acquitted

This case comes before me, in a most suspicious form. Plaintiff is implicated in a certain case of sheep stealing &c. in which the son of the Defendant was committed for trial, and was under examination at the time alleged. If torture took place it was with a view to extort admission and evidence in this case. The story of the Document is false. The Plaintiff's evidence is discrepant & unsatisfactory throughout, and the alleged story of

the Cor, a physical impossibility, as he
is toothless. The charge is brought one
month & 3 weeks after the alleged occurrence
and notwithstanding the Pisher having got into
another scrape when the trumping up
of such charge might be expected to be
unsuccessful. The Plaintiff is a creature
of the Adighany, whose son was committed
by that officer a circumstance which
casts the worst suspicion on the tardily
brought Charge.

The evidence of several
Witnesses goes to the effect of one or two
of the having been heard from
the man having had a knife and
having been allowed to go out in con-
sequence no marks are proved to
have been on the person.

Under the circumstances
the case stands unproved and I consider
the defence not improbable, and that
there is much reason to suspect the
whole as trumped up, however there
is the fact of groans being heard,
and therefore the Pisher to indulge in
drinks, while therefore dismissing
the Criminal Charge, it is necessary
to

to make some further inquiry into his
general character & fitness for office.
