Travelling Allowance.

No. 21. Read the following letter from D. BARBOUR, Esq., Under Secretary to the Government of India, Financial Department, to the Honorable W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Simla, 23rd May 1876, No. 407:—

With reference to the Proceedings of the Government of Madras in the Educational Department, Nos. 10 and 41, dated respectively 14th January and 8th February 1876, increasing the rate of travelling allowance of the Deputy Inspector of Schools, North Coimbatore, when visiting Collegial and the Hill tracts, I am directed to remind the Government of Madras that by paragraph 3 of the orders of the Government of India in the Financial Department, No. 7605, dated 31st December 1874, it was prescribed that "all standing rules in respect of travelling allowances should, as a matter of course, be enforced in Provincial Departments as in all others."

2. The Governor-General in Council does not desire that the orders already passed by the Government of Madras should be revised; but His Excellency in Council requests that no more changes in Travelling Allowance Rules may be made without a previous reference to the Government of India.

Copy forwarded to the Accountant-General, Madras, with reference to his letter, No. 10,798, dated 14th February 1876.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 14th February 1876.

Read the following papers:—

Proceedings of the Madras Government, dated 24th September 1875, No. 1,404,
Revenue Department.

Read the following:—

Proceedings of the Board of Revenue, dated 18th June 1875, No. 1,680, submit-
ting to Government, with remarks, reports from Collectors regarding
revision of the establishment of Revenue Inspectors.

Proceedings of the Board of Revenue, dated 3rd August 1875, No. 2,163, sub-
mitting to Government, with remarks, letter from Collector of Madura,
recommending the appointment of six additional Revenue Inspectors
for the district.

Proceedings of the Board of Revenue, dated 19th August 1875, Miscellaneous
No. 7,552, submitting to Government letter from Collector of North
Arcot, explaining an inaccuracy in his report on the revision of the
establishment of Revenue Inspectors.

ORDER THEREON, 24th September 1875, No. 1,404.

Miscellaneous.

The recommendations and conclu-
sions arrived at by the Board of Reve-
nue in the foregoing Proceedings have
the entire approval of the Government; but, before submitting them to the
Government of India for sanction, the Government desire to have before them the
proposals of the Board as to an improvement in the pay of taluq peons.

2. The alterations proposed in the schemes should be included in one
tabular statement in the prescribed form which should be accompanied by a succinct
account of the work required of Revenue Inspectors, its increased amount and
importance, and the various grounds which make the revision of the establishment
a matter of pressing necessity.

3. Some statistics of the steady growth of the land revenue during the last
twenty years should be given, and the extension of cultivation and increase in the
number of puttis during that period should be shown, while some proof of a rise
in prices necessitating an increase of salary in the case of servants on small salaries
might be afforded.

THE letters read above, which relate to the revision of the office establishments of Tahsildars and Deputy Tahsildars, were submitted for the orders of Government.

2. In reporting on the state of the District at the end of the year 1871, the Board's Procs., dated 8th January 1872, No. 52, a great measure due to the insufficiency of that "these unfortunate men were working." On this the Board called upon all Collectors to report if any necessity existed for increasing the subordinate Revenue Establishments. Board's Procs., 5th February 1873, No. 159. Board's Procs., 5th February 1873, No. 157. The Collectors then asked to submit detailed reports of their districts and the papers now forwarded are their replies.

3. There can be no doubt but that the organization of the taluq work has enormously increased. Various causes have contributed to bring about this result, among which may be mentioned the following;—

	Fasli 1269.	Fasli 1283.
* Population	24,656,000	31,281,000
Number of Puttas and Holdings	1,457,000	2,461,000
Occupied Area in Acres	14,641,000	19,632,000
Land Revenue	Rs. 4,00,29,000	4,42,02,000
Abkari	29,01,000	61,21,000
Local and Special Funds	1,88,000	86,69,000

† This has been taken from the quinquennial return for Fasli 1271.
‡ In Fasli 1282 the revenue was Rupees 4,55,05,000. Fasli 1283 was a bad year.

(1.) The natural expansion of population, revenue, and holdings.

(2.) The organization of local funds, which of late years, and more

especially since the passing of Act IV. of 1871, has become a very important branch of the administration, and has resulted in a very great increase of work, bringing revenue officers of all grades into close connection with departments, with which they previously had nothing to do.

(3.) The creation of Municipalities, which has led to increase in the cash transactions of the taluqs.

(4.) The creation of new Public Departments such as Registration, Settlement, Survey, Forest, &c., which has led to increase in the cash transactions of the taluqs as well as in the correspondence.

(5.) The creation of the Money Order Agency.

(6.) The increase in the number of projects of Irrigation, Railway, &c., which are now undertaken and for which lands have to be taken up and compensation settled.

(7.) The adoption of stamp labels instead of stamp papers, and of which there are no less than 170 kinds.

(8.) The imposition of the village cess and the adoption of the system of paying village servants in money.

(9.) The increased number of criminal trials conducted by Subordinate Magistrates, entailing heavy work in the keeping of diaries, copying depositions, and drawing up calendars.

(10.) The establishment of Subordinate Jails.

(11.) The frequent calls for accounts and statistics from all departments, more especially that of Public Works in connection with Irrigation.

4. Except Mr. Wedderburn, the Collector of Coimbatore, all Collectors are unanimous in thinking that the establishment at present allowed for the taluqs is inadequate, and that a revision of it is urgently called for. Although Mr. Puckle, the Collector of Tinnevely, reported that the increase of work in the taluqs was due, not to the insufficiency of the establishment, but to the want of method and system in the performance of the work, he subsequently, in a minute written while acting as the Third Member of the Board of Revenue, so far modified this opinion as to advocate the appointment of an additional record-keeper and muchi for all the taluqs. Even Mr. Wedderburn considered in 1872 that additional hands were needed, although he is now of a different opinion. It must be remembered that the want of system and method alluded to by Mr. Puckle is itself very often the result of the inadequacy of the establishments and of the high pressure under which alone a small establishment can get through the excessive amount of work demanded from it. It is reported that in some places

the taluq establishments work from 7 A.M. to 9 P.M.; that leave to taluq servants is becoming impossible; that the clerks in some cases employ assistants at their own expense and get relatives to help them; that volunteers—an objectionable system—are numerous (in Tanjore there are sixty-two in nine taluqs); that great delays occur in the disposal of darkhast and transfer cases; that frauds are often perpetrated with success owing to the impossibility, from press of work, of thorough examination of the village accounts. The Board are of opinion that the almost concurrent testimony of all the Revenue Officers shows beyond doubt that the existing taluq establishments throughout the Presidency are much below present requirements, and that even economy requires that they should be strengthened, although the amount of additional aid to be given may vary with different districts. It is, of course, impossible to carry out the revision to perfection and provide for a number theoretically sufficient or for salaries such as the Board would like to see attached to each appointment, but still it is clear that something must be done at once to enable the Tahsildars to keep pace with the increased pressure of work.

5. The office establishments in taluqs consist of the following classes of servants:—

- | | |
|-----------------|-----------------------------|
| 1. Sheristadar. | 5. Duffadars. |
| 2. Gumastahs. | 6. Peons. |
| 3. Shroffs. | 7. Masalchies and Sweepers. |
| 4. Dufterbunds. | |

No revision is called for in the number or salaries of Taluq Sheristadars.

6. GUMASTAHS OR CLERKS AND ACCOUNTANTS.—Except in the seven taluqs noted

	Number of Gumastahs allowed.
<i>Ganjam.</i>	
1. Berhampore	11
2. Chicacole	10
<i>Vizagapatam.</i>	
3. Golcondah	5

6. Ponani	10
7. Cochin	3

in the margin, the number of gumastahs allowed to each Tahsildar is either nine or eight. At first Mr. Pelly allowed only eight gumastahs to each taluq, but subsequently a gumastah was added* for all taluqs of which the revenue was two lakhs of rupees and upwards. The Board do not think it possible to fix precisely the number of gumastahs to be allowed for each taluq with reference to any particular standard, such as revenue, area, &c., because

*G.O., dated 10th November 1864, No. 2,055.

the amount of work depends on a variety of circumstances which are not capable of being reduced to a common standard for purposes of comparison. The Board must, therefore, proceed on general considerations assisted by the opinions of the Collectors both in general and in detail. They have, however, no doubt that the addition of a clerk to all the taluqs to be exclusively in charge of records is absolutely necessary, though some of the Collectors have not applied for the clerk in the case of a few taluqs. Mr. Pelly intended that one of the clerks employed in keeping registers of report and receipt should also have charge of records, but this arrangement has been found by experience not to answer, for, as the Collector of Nellore writes, "the task of arranging the records is at present

no one's particular business and gives way to whatever work temporarily presses," and the result has been that the records have been for the most part neglected. The immense correspondence of a taluq cutcherry leads to vast accumulation of records, and, as the village accounts are also, at the end of each year, deposited there, the task of arranging the papers and furnishing references will fully occupy the time of one clerk even in the smaller taluqs. The Collector of Malabar thinks that an additional attender, on a salary of Rupees 8 per mensem, for assisting the clerk now in charge of records will be sufficient, but the Board are of opinion that it is preferable to place the records exclusively in charge of a responsible clerk who will have no excuse for neglecting it, and that the performance of work would be considerably facilitated when the records are kept in order and references readily available. As regards further additions required for general work, the Board would allow the recommendation of Collectors where the increase proposed is not more than two clerks inclusive of the clerk allowed, as above stated, for records, and notice in detail those cases in which a larger addition has been proposed.

7. GANJAM.—The Collector applies for an addition of five clerks to Berhampore and six to Gumsur. There is a branch bank at Berhampore, and all the Government transactions in the bank and connected generally with the whole district are accounted for in the taluq office, and consequently the work connected with the treasury accounts is, no doubt, heavy, but it must be observed that the Tahsildar has already two clerks in excess of those allowed to Tahsildars of his class, and the Board think that a further addition of three hands, including the one for records, will be ample. In Gumsur there is no reason why such a large number should be required, and the Board would only allow two clerks to this taluq in addition to the existing staff, i.e. one for records and another for general duties.

8. NELLORE.—The Collector proposes to give to the taluq of Nellore three additional hands, while for the other taluqs he proposes an addition of only one or two clerks. The taluq of Nellore, which contains the head-quarter station of the district, is certainly a heavy charge with a revenue of nearly five lakhs of rupees. The Board agree with the Collector that an addition of three clerks, one of whom will have charge of records, is not too much.

9. CUDDAPAH.—The only taluq to which an addition of more than two clerks is proposed is Cuddapah, for which the Collector asks an addition of three hands. The revenue of this taluq is only about 2½ lakhs,* and, although it contains the head-quarter station of the district, the Board do not think that an addition of more than two clerks is necessary.

10. CHINGLEPUT.—The Collector proposes an addition of four clerks to the Madurantakam Taluq and of three to the rest. Considering the revenue of the

13. TANJORE.—The Collector proposes an addition of more than two hands in the taluqs noted below:—

These taluqs are, no doubt, heavy charges, but the Board do not think that the quantity of work done in them differs so materially from that in the other taluqs as to justify such a large addition as that proposed. The Board would allow an addition of four clerks to Combaconum and three to each of the other taluqs.

14. MADURA.—The addition of three clerks to the head-quarter taluq, Madura, and of the same to the Dindigul Taluq, is proposed. This appears unnecessary, and only two clerks will be allowed to each.

* The Collector erroneously states that there are two shroffs only in the taluqs of Nellore and Ongole, but there are two shroffs also in Kundakur.

Some of the Collectors propose that the salaries of the shroffs should be raised to Rupees 20 and Rupees 15, but the Board do not think this is necessary. The salary to be given to the additional shroff will be Rupees 10.

22. MOOCHIES.—No moochies are allowed at present to Tahsildars. The Collectors of Nellore, Ganjam, and South Arcot suggest that one should be employed in each taluq. Although other Collectors have not suggested this, the Board think that a moochy is very much needed to rule accounts, mend pens, &c.,—work that cannot be equally well performed by clerks on much higher salaries. They accordingly recommend that a moochy be allowed to each taluq on a salary of Rupees 7. This will cost Rupees 1,078 per mensem.

23. DUFTEBUNDS.—An attender or dufterbund is now allowed to each taluq on a salary of Rupees 7, except to the two taluqs in Vizagapatam. The Collector of the latter district recommends the employment of one to each of his taluqs on a salary of Rupees 10 each, and the Collectors of South Arcot, Cuddapah, and Malabar recommend increase as shown in the margin. The Board would allow an attender to each of the taluqs of Vizagapatam, but no additional attenders to other taluqs. It may be here observed that the Board have allowed to Malabar a clerk for records in the place of the attender proposed. As regards salary, the Board think that it should be at least Rupees 8 now that the salaries of taluq peons is proposed to be raised to Rupees 7 as will be seen hereafter.

24. DUFFADARS.—The Collectors of South Arcot and South Canara propose to increase the salary of duffadars, the former from Rupees 8 to Rupees 9, and the latter from Rupees 8 to Rupees 10. The Board consider that the salaries of duffadars should be raised from Rupees 8 to Rupees 9 as the salaries of peons are to be raised from Rupees 6 to Rupees 7.

25. PEONS.—Tahsildars are now allowed twenty-one or twenty-two peons. The following additions are proposed by the Collectors:—

*The number of peons entered against each taluq in the Nellore District is inclusive of the six peons already recommended in Board's Proceedings, dated 18th June 1875, No. 1,680.

† In South Arcot the Collector has entered the existing number of peons in Trikalore Taluq as twenty-one instead of twenty-two.

34. The above figures do not include the district of Madras and the taluqs of Rakapully and Budrachellum in the Godavery District, where the establishment is altogether on a different scale, and does not call for revision.

35. The total increase per mensem proposed by the Board amounts to

	Rs.	
*Increase now proposed	15,779½	Rupees 15,779½. This, added to the
Revenue Inspectors	8,830	increase proposed for the establishment

Total	25,169½	the salaries of Deputy Tahsildars, comes
		to Rupees 25,169½* per mensem, or
		Rupees 3,02,034 per annum.

36. In submitting these proposals, the Board desire to state that they have considered very carefully the whole subject, and are satisfied that the revision of taluq establishments cannot, even on financial grounds, be any longer deferred. There are abundant proofs of the fact that, owing to the inadequacy of the establishment, the taluq work is not done as well as it ought to be, and that the records are in many places in great confusion. The efficiency of the whole of the revenue administration depends upon the efficiency of the taluq work, and the Board, therefore, feel it their duty to urge upon Government the necessity for obtaining the early sanction of the Government of India to these proposals as well as to those in connection with Revenue Inspectors and Sub-Magistrates, in view to the whole of the taluq establishment being placed on a satisfactory footing as soon as possible.

37. In conclusion, with reference to paragraphs 2 and 3 of the Government Order read above, the Board beg to submit a statement showing the revenue, the number of puttās, occupied area, population, and prices during the last twenty years. The figures fully bear out the conclusion that the work has enormously increased, and that the rise in prices has been such as to render the present salaries insufficient. The duties of the Revenue Inspectors are onerous and various as will be seen from paragraph 8 of the Board's Proceedings read in the Government Order under reference. Briefly, the Inspectors are required—

- (1.) To see that all land occupied or irrigated by the aid of Government water is brought to account.
- (2.) To examine withered crops and such lands as may require remissions.
- (3.) To look after collections of revenue.
- (4.) To examine village accounts and see that they are properly maintained.
- (5.) To settle petty disputes between ryots regarding boundaries of fields, &c.
- (6.) To sell lands for the recovery of arrears of revenue.
- (7.) To report upon applications or relinquishments of lands, and on all such other matters as may be referred by the Tahsildar for inquiry and report.

It is not simply the augmentation of revenue and extension of cultivation that has rendered an increase to the establishment necessary, but the number originally allowed by Mr. Pelly was itself inadequate. The duties now required of the Revenue Inspectors were formerly performed by a host of servants known by the name of Samuddars, Karkoons, Peishkars, Zilladars, &c.

38. Some of the Collectors have made suggestions in regard to strengthening the huzur and divisional establishments, increasing the pay of particular Tahsildars, and such like matters. These the Board have abstained from noticing as

they are not immediately connected with the subject on hand. A tabular statement in the prescribed form is herewith submitted.

The Board think that sufficient cause has not been shown for increasing the number of peons in any of these taluqs, which seems the less called for as village establishments are in the course of being revised and placed on a satisfactory footing. But they are decidedly of opinion that their salaries should be raised throughout from Rupees 6 to Rupees 7 per mensem as the lower rate is quite insufficient to enable a man to maintain himself and dress neatly.

26. MASALCHI.—No increase is proposed under this head.

27. The foregoing remarks apply to the establishments of Tahsildars. The Board will next notice the establishments of Deputy Tahsildars, who are also Sub-Magistrates.

28. GUMASTAHS.—Only a few Collectors propose additions to the establishment of Deputy Tahsildars as shown below:—

* The present establishment for Udayagiri is entered in the Agency Budget. The addition proposed is for revenue work.

29. The Board are of opinion that every Deputy Tahsildar in a ryotwari taluq and having charge of a number of ryotwari villages should be allowed a second clerk. These officers have in most cases heavy magisterial work, which is enough to occupy one clerk; for the revenue work and records their establishment requires to be strengthened. The Commissioner of the Nilgiris does not expressly recommend the addition of one gumastah to the Coonoor Sub-Magistrate,

and simply states that the late Commissioner recommended an extra clerk on Rupees 30, which the Board disallowed in 1872. As the addition, however, of one hand appears to be necessary, the Board have allowed it, and also an additional clerk on Rupees 20 for Udayagiri in Ganjam.

30. The gumastahs now draw Rupees 15 per mensem with very few exceptions. Some Collectors propose to increase their pay to Rupees 20 and Rupees 25. The Board think that there must be some difference between the salaries of the two clerks, and they would therefore allow Rupees 20 to the first and Rupees 15 to the second wherever there are two clerks, and where there is only one he should have Rupees 20. Larger salaries are required for the clerks on the Nilgiris and Shevaroyas as living there is more expensive and the places are unhealthy to natives; the Board would, therefore, allow them Rupees 25 and Rupees 20 instead of Rupees 20 and Rupees 15.

31. ATTENDERS.—An increase is proposed only in the following four stations:—

	Present Number.	Proposed Number.
Vizagapatam ... { Kottapad	...	1
... { Malkagiri	...	1
... { Koraput	...	1
... { Navrangapur	...	1

These are zemindari charges, and it is not clear why no attenders were allowed to them originally, while they are allowed in all other divisions similarly situated. The Board would now allow an attender to each of the stations at Rupees 8 per mensem, to which the salaries of all the attenders in the taluqs and divisions is proposed to be raised.

32. PEONS.—Each Deputy Tahsildar is now allowed two peons at Rs. 6 each. The Board are decidedly of opinion that each Deputy Tahsildar should have three peons. Their salaries should also be raised to Rupees 7 as in the case of taluq peons.

Rev. Secy

Read Prop. Bd. Rev. 14/22
no 430 54

5/23-3-76.

We may as well cry for the moon
as ask for an increase of 3 laes
a year for our Revenue Establs.

Besides - some good men amongst
the collectors are of opinion that
the work is only overwhelming
because there is a want of system.

See Supers
Puckle (Tummalu)
Happell (detro)
Foster (Godavari)

and Stuart, collectors of detro.
Happell & Stuart indicate that
pay may be raised by a reduction
in the number of employes -

1st day - a comparison -
Puckle - Foster - Bliss - etc.
be appd. to investigate & report on
the whole question. To be add.
Venkatachalam Pant, Dr. Chetty
Bellary - & my 1st app. Mr. Venka-
devaram Rao, or Kalyana Chetty of
Vishy, etc. on some other matter.

Reas.
G.O. 22: Sept: 1875 No. 1404.
Proceedings of the Board of
Revenue 2/14: Feb: 1876.

These two Proceedings
together deal very
completely with the Salary
Establishment of the
Country.

The Conclusions come
to by the Board of Revenue
in their Proceedings of
18th June 1875 were
unanimously concurred
in by the Government.
The further Proceedings
of the Board under
reference complete the
inquiry, and I think
that there is no reason
to question the further
Conclusions arrived
at by the Board - viz.
that the work is
surpassing the powers
of the Salary Establishment
throughout the Country.

and

and that both as
respects the number
and pay of the hands
strengthening, and
ameliorations are very
generally needed. The
matter is ripe for the
decision of Govt. and
must be carefully brought
under discussion.

It is true that the time
is inopportune that the
Judicial Establishments
require revision and
large expenditure & it
may be that the Govt.
may see reason to
postpone submission
of their fiscal recommenda-
tions. But I have no
doubt that the time
for discussion of this
important matter by
Govt. has come and
I see no ground for
referring it to a
Commission, who, with
one exception, would
certainly prove inferior
judges in such a matter.

to the Board and the
Experienced Collectors
who have sifted and
reported on the question.

I think that the
papers must be returned
to the Secretariat with
request that a carefully
drawn and full office
note in review of the
whole subject may be
prepared for submission
to His Grace and the
members of Council.

24/3 M

I would not refer to any form-
-matter I think we have sufficient
information. It is impossible to
introduce sound method in under-
-handed offices. We may not get
all we want from the Govt of India
we shall certainly get nothing if we
do not represent our wants which
are urgent. - I think it will be
convenient for the Secy to take
notice of the reforms introduced by
Mr. Pelly - & the savings effected &
call special attention to the gradual
growth of work & its causes. This
is the best way to go.

Revenue Department

Proposals to increase
Commissions suggested -

Board: Pro: but we must remember
that Secy. Secretaries who deal
with these papers may not read
all ^{enclosures} we send up - and it is
as well to make our Pro: founded
on a Secy Memo as complete
in the as possible. R/S

Bis Prop. 14 Feb/76

No 430.

These papers were sent to His Grace
on 6th April - with the notes of
members on the Secy's Memo -
they have been returned today
from Govt House - but, as I find
no note by His Grace, it is presumed
that he has not had leisure to
consider them.

2. Considering the financial crisis,
it is impossible to proceed further
with the proposed heavy increase of
expenditure suggested.

I propose herefore to say that "he
Govt though favourably disposed towards
" the Secy's recommendations, cannot,
" under the present financial pressure,
" take up the subject at present -
" & that it must accordingly lie over."

The S. and C. is favor-
disposed in regard to the
