From
The Superintending Engineer
Chingleput.

To
The Collector of the
Chingleput District.

Sir,

I have the honor to enclose bill for work
done since January on the mouth of the Emore
river and request that you will pay the amount
to the Range Officer, Serubins, to meet the ex-
penditure which, I regret, that he has made
very irregularly.

2. We have maintained a supply as
requested by the Board of Revenue up to
last full moon. The last spring tide has
however closed the bar, the sand having en-
croached our groyne has been almost entirely
buried, the stakes have disappeared and
the puny has rotted.

3. The position of matters was in the 11th
Instant

Instant as nearly as possible the same as on
the 26 January when we first opened the
mouth, the water was at the same height
but is salt now, whereas it was sweet

4. 23 stakes which have been drawn
and saved can be handed over to any
member of your department whom you
may desire to take charge. There is nothing
else to be done by way of relief

5. If you consider it advisable to
resume operations, I must ask that the
course laid down in G.O. No. 13 dated 12
January 1870 may be adhered to.
