1882
My dear Sir Wm Robinson

The cause of increase
is not Timinevelly salt going to
Malabar & Travancore. The people
there won't look at it & Logan
is bound to get rid of some lakhs
of mounds he imported a few
years ago. The increase in Timinevelly
is due partly to Experimented
shipments to Calcutta (which
have turned out very badly) but
chiefly to the increase in new

I think we shall recommend ^{into practice} reduction of duty
 on salt as regards quantity used. At present
 we salt as a board there is absolutely no
 business requiring it nothing is known about
 it. There is nothing to prevent its being carried
 to India or even on Indian side of the salt trade. The
 accounts do not show how fully the distinction of
 the salt is maintained. The only salt account is bookkeeping
 of duty.
 Yours sincerely
 A. B. Lawrence

to exports from our coast to the
 Strait Settlements. These need about
 160000 or 2 lakhs of rupees; they
 used to be from Bombay, but
 since the prepayment of duty there
 has been resumed, the trade has
 come to our coast where there is
 no such burden. The same cause
 has stimulated but slightly only
 the trade between Chingleput &
 Calcutta. The Madras Salt, &
 especially the Tanjore Salt
 is too delinquent for the
 Calcutta market.

My dear Sir,

There is a steady increase
 in salt export - I am salt-purvey
 new outlets & of so there? or is it
 more display on the Indian salt?
 40% on the demand export - more
 display Bombay salt. Driven in
 12/6
