*Proceedings of the Madras Government, Revenue Department,
26th October 1876.*

No. 244. Read the following Proceedings of the Board of Revenue, dated 11th October 1876, Miscellaneous No. 1371:—

Read the following letter from G. D. JEMAN, Esq., Collector of the Kistna District, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Masulipatam, 20th September 1876, No. 1,661.

I HAVE the honor to report that in Podapad, of Sattinapalli Taluq, a new pathway is necessary, as the old one has been occupied by a tank-bund newly repaired. It is to run through D Nos. 129 and 130, and the extent required for the purpose is 40 cents. The puttadar does not agree to pay with the land on any reasonable terms. He states that there is a pathway at a little distance from the village to meet the requirements of the villages, and that it is not absolutely necessary to create a new one now. The pathway referred to by them is circuitous, and is at a distance of $1\frac{1}{2}$ miles from the village. It is intersected by field D No. 52, the puttadar of which is equally unwilling to give up a portion of it.

2. I therefore beg that the Board will be pleased to obtain the sanction of Government to put the Land Acquisition Act in force, in order to take possession of the land in question, and submit a draft Declaration and the Statement of Objections taken from the puttadar.

SUBMITTED for the sanction of Government.

Northern side of my land is land
acres 7.23, demarcation No. 129, be-
longing to Chermuri Salkshumiah,
who already transferred it to me
and presented a relinquishment
report in the Taluq. Ploughs
and cattle of the village pass
over the tank bank to the south-
ern field. The old road had
fallen under the tank bank.
There is no other road except
this. The tank bank breached
in consequence of the rain that
had fallen 10 or 12 days ago.
Ploughs cannot pass. If the

breach is filled up, they can pass.
It is difficult for cattle to pass
over the tank bank. 3 years
ago the tank bank was raised.

Ever since carts of the village
and those passing through ^{the road are passing the} my
demarcation Nos 129 & 130 referred
to above. I shall allow carts
to pass as usual at any time
through the said numbers whether
in hot or rainy weather. I am
not willing now to deduct 46
Cents out of my two numbers
alluded to, on account of road.
I agree to allow carts only to pass
without deduction of assessment.
Ploughs and carts should have
to pass, as usual, over the tank
bank. I won't allow them to
pass through my field. If
the villagers agree to build a
wall on the eastern side of
my field and rebuild it, if it
falls down, I agree to deduct

the said road on the above con-
dition. The wall in question has
to be $1\frac{1}{2}$ yards in height. The villagers
state that the works require an
expenditure of nearly three hun-
dred Rupees; that they cannot
be able to do such work; and
that they would dig a ditch
there and fill it either with
milk hedge or aloe plant and
thereby prevent cattle from en-
tering my field.

As I am not willing to do any
thing more than building a wall,
I do not agree to deduct a road.
Although they do not do such
a work as this, I agree to allow
carts only to pass as usual
without hindrance.

I have heard it read it
over to me. It is correct.

The papers contain no
specific request for the
land being proposed
with authority under the Act.
but I presume this is required
as the Lathnapalli taluk
is under that Officer and
the plan of the land in
question is kept for inspection
in his office as stated in the
notification.
