**The Secretary to Government
Revenue Department**

SIR,

I have the honour to submit Budget Estimate for 1877/78 amounting to Rs 6,98,000 against Rs 6,89,000, the allotment for the current year.

2. The actuals for 1875/76, inclusive of Rs 13470 received and credited to Government on account of estate survey were Rs 7,31,904 against Rs 6,97,000, the Budget grant for the past official year. In G. O No. 877 of the 21st April 1876, my application for transfer to the Survey Budget Rs 15,500 from some other items under Land Revenue was recorded. The excess in expenditure therefore over the Budget allotment for 1875/76 was Rs 19,404.

3. The Regular estimate for 1876/77 based on the actual expenditure for the first 5 months in the year amounts to Rs 7,11,606. Steps have been taken to restrict the expenditure on Government villages during 1876/77 to the allotment by the Government of India viz Rs 6,89,000.

Here this [illegible] is separately [illegible] for Survey Budget [illegible]

4. In explanation for the variation between the estimates for 1876/77 and 1877/78, I have the honour to submit that the increase occurs under heads specified in the margin. The appointment of a fourth Uncovenanted Deputy Superintendent on Rs 750 and promotion in Military rank of three Assistant Superintendents have rendered the increase (Rs 8506) under the head of officers' pay and allowances necessary. As regards the increase under the head of "Travelling allowance", I beg to observe that during the ensuing official year the field establishments of three Parties or at least a large portion of them will have to be removed to other Districts. It is on this account & with reference to the actual expenditure and regular estimate, increased provision (Rs 2426) is made under the head of "Service labels". I have estimated Rs 16,700 under the head "Measurers and Hired labourers" with reference to the Regular Estimate for the current year. Arrangements necessitating the employment of additional measurers & coolies have been made for carrying on topographical Surveys in exceptionally difficult and unhealthy localities in view to the completion of certain sheets of the Atlas of India.

5. To provide funds urgently required under the head of "Establishment", the expenditure under Measurement allowance has been restricted by postponing the payment of the allowance.

This remark [illegible] applies to the current year.

6. Explanation for variation under the head of Central office is given in the column of remarks.

Central office. A sum of Rs 65500 is provided against 63200 in the current year & actuals of Rs 89529 in 1875/76. The Regular estimate for 1876/77 is put down at Rs 64759 & no explanation is furnished for the excess of the Regular estimate over the sanctioned allotments. The pay of the Superintendent is provided for at Rs 18000 while the provision in the last budget was only Rs 12000. The actuals & Regular Estimate amount to about Rs 20000, & in the absence of any explanation for these large entries, the Government cannot pass the provision for the ensuing year at Rs 18000 which probably includes the increase of 500 Rs lately ~~to~~ proposed but not sanctioned by the Government of India.

vide letter dy 14 July 1876 No. & the reply thereto recorded in file 2d October 1876 No 102

It is observed that no provision has been made for the military allowance of the Supdt. The omission requires to be explained, the claim having found a place in former estimates.

The provision for the office establishment of the Supdt, for the Drawing, Demarcation & Lithographic Departments is the same as in the sanctioned Budget for the current year; but the difference between these entries & the actuals & Regular Estimates should have been explained. Under miscellaneous charges increased provision is made for travelling allowance, which is said to include the honorarium sanctioned in G.O. 2d Feby 1875 No 173. On the whole the Government considers that the estimated charges for the Central office may be safely put down at Rs 60000 instead of Rs 65500 proposed by the Superintendent.

Survey Party No 1. The pay of the Deputy Supdt. & his regimental allowances

appear to be correctly es-
timated - and the civil pay of the 2 assistant Supert.s is provided at Rs 425 each per mensem. These & most of the other charges are the same as those shewn in the sanctioned Budget for the current year, the only increases being in the Travelling allowance & cost of Measurers & Labourers, which are satisfactorily explained by the Superintdt. in his covering letter.

The above remarks apply to Nos 2, 3, 5 & 6 Survey parties & to the three Demarcation parties.

In regard to No 4 Survey party, it is observed that the provision for a Deputy Supert. is raised from 6900 ~~to~~ 9000 Rs or from Rs 575 to 750 per mensem; the former being the pay of ~~for~~ a military officer & the latter that of ~~of~~ an Uncovenanted officer without any military allowances - The provision is passed at the present strength*

* 4. Unc. officers 750 Rs each
1. Mily. Rs 575.

the pay of the staff of Deputy Superintdts is not on the whole exceeded by the Superintendent's proposals

Subject to explanation on the points above noticed, the Budget is passed

It is presumed that the actuals shewn in the present estimates have been ascertained to be correct by reference to the Accountant General
