Proceedings of the Madras Government, Revenue Department,
2nd November 1876.

No. 26. Read the following letter from CHARLES MACLEAN, Esq., Supervisor, of the Government Press, to the Hon. W. HUDLESTON, Chief Secretary to Government, dated Fort St. George, 30th October 1876, No. 1,398 :—

WITH reference to G.O., Revenue Department, dated 26th September 1876, No. 1,341, regarding a complaint as to delay in printing Board's Proceedings, No. 1,460, dated 2nd June 1876, I have the honor to report that the books of the Press Department give May 25th as the date of the receipt of the paper in question and June 15th as the date on which the copies were finally struck off and despatched, making in all about 21 days as the time occupied in printing. As the paper consists of about 70 pages this does not appear to be an unreasonably long time.

2. I beg to point out, with reference to the general question of delay in printing current Proceedings, whether of Government or the Revenue Board, that the time occupied in issuing them depends as much on the state of the file to which they belong as on their own bulk, inasmuch as they are printed consecutively in all but extraordinary cases. Thus, if during a particular period an unusual number of current papers are thrown into the Press Office, the file becomes crowded and each paper, whether short or long, is delayed.

No. 27. ORDER THEREON, 2nd November 1876, No. 1,562.

Miscellaneous.

COMMUNICATED to the Board of Revenue.

2. The Government observe that the period occupied in printing is stated in paragraph 1 of this letter as 21 days, whereas in paragraph 2 of the Board's Proceedings recorded in G.O., 26th September 1876, No. 1,341, it is given as two months with a short break of only 8 days.

Sir,

With reference to G. O. Revenue Department, dated 26th September 1876, No 1341 regarding a complaint as to delay in printing Board's Proceedings, No 1460 dated 2d June 1876, I have the honor to report that the Books of the Press Department give May 25 as the date of the receipt of the paper in question and June 15 as the date on which the copies were finally struck off and despatched making in all about 21 days as the time occupied in printing. As the paper consists of about 70 pages this does not appear to be an unreasonably long time.

2 I beg to point out with reference to the general question of delay in printing current Proceedings, whether

of

of Government or the Revenue Board, that the time occupied in issuing them depends as much on the state of the file to which they belong as on their own bulk, inasmuch as they are printed consecutively in all but extraordinary cases. Thus if during a particular period an unusual number of current papers are thrown into the Press Office the file becomes crowded and each paper whether short or long is delayed.
