Proceedings of the Madras Government, Revenue Department,
7th November 1876.

No. 85. Read the following Proceedings of the Board of Revenue, dated 30th October 1876 :—

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 27th October 1876, No. 398.

On Tuesday, the 24th instant, I received from the Chief Secretary to Government a telegram as per margin.

"Government approve payment in grain of wages for relief works if necessary. Rations to be calculated to maintain health and strength, and great care must be taken to purchase grain at nearest local market to each centre of relief. This arrangement to be widely notified to grain-merchants. Telegraph your ruling prices frequently to Collectors of districts supplying your markets."

2. I have given directions to all division officers to adopt, where necessary, the system of payment in grain. In the taluqs, I imagine, it will be necessary almost universally to adopt it, as every where the complaint is the same that grain is not to be had for money ; the fact being that the merchants are holding back.

3. Here in Bellary, it is not necessary to introduce the system of grain payments on account of any difficulty in obtaining it. There is plenty to be had in the bazaar.

4. The coolies might prefer payment in kind, as then any change in prices would not affect them ; but unless the Government specially direct it I do not intend to introduce the system at present.

Submitted for the information of Government.

No. 398.

From The Collector Bellary.

To The Secretary to the Board of Revenue, Madras.

Sir.

On Tuesday the 24th Instant, I received from the Chief Secretary to Government a telegram as per margin.

"Government approve payment in grain of wages for relief works of necessary & Peons to be calculated to maintain health and strength and great care must be taken to purchase grain at nearest local market to each centre of relief. Thus arrangement to be strictly restricted to grain merchants. Telegraph your ruling prices frequently to Collectors of Districts supplying your markets"

2. I have given directions to the Divisional Officers to adopt where necessary

necessary the system of payment in
grain. In the talugs, I imagine,
it will be necessary almost uni-
versally to adopt it: as every where
the complaint is the same, that
grain is not to be had for money,
the fact being that the merchants
are holding back.

Here in Bellary, it is not-
necessary to introduce the system
of grain payments on account of
any difficulty in obtaining it.
There is plenty to be had in
the bazaar.

4. The Coolies might prefer
payment in kind, as then any
change in prices would not
affect them, but unless the Govern-
-ment specially direct it, I do not
intend to introduce the system at
present.
