Forests.

SIMLA, the 21st October 1876.

SIR,

In continuation of the Circular Resolution from this Department, No. 670, dated the 31st July last, I am directed to inform you that, in order to obviate delay in the receipt by the Conservator of Forests of the orders of the Government of India on the annual budget estimates of the Forest Department, those orders will in future, on receipt of the budgets, be issued provisionally, and will on a later date be followed by the final orders of the Government of India. The grants provisionally sanctioned will be subject to alteration in case financial exigencies should render it necessary to modify them.

2. As the figures of the regular estimate are based on the actuals of only five months of the year, it may happen that considerable changes occur in the figures by the time the final orders of the Government of India are issued. In order that the Government of India may be informed upto the latest safe date of all important changes in the figures of the regular estimate, I am to request that the Conservator of Forests may be directed to make such arrangements as will enable him, on the 1st of March of every year, to telegraph to the Government of India the latest estimate for the current year of the total receipts, as well as of the charges under the budget heads of both A. "Conservancy and Working" and B. "Establishments."

3. This year the telegram should be sent to the Secretary to the Government of India in this Department at Calcutta, a copy being at the same time sent by the Conservator for the information of His Grace the Governor in Council.

I have the honour to be,

SIR,

Your most obedient Servant,
