Proceedings of the Madras Government, Revenue Department,
14th November 1876.

No. 205. Read the following Proceedings of the Board of Revenue, dated 31st October 1876, Miscellaneous No. 9,345 :—

Read the following letter from W. S. FOSTER, Esq., Acting Collector of Kurnool, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 12th October 1876, No. 454.

With reference to paragraph — of G.O., No. 1,453, dated 2nd October 1875, and G.O., No. 1,653, dated 11th September 1876, communicated with Board's Proceedings, Miscellaneous No. 8,438, dated 3rd instant, I have the honor to forward copy of a letter* from Mr. Farmer recommending the continuance of the extra allowance sanctioned for the Revenue subordinates at Cumbum for another year or till the public offices are removed from that station. As it appears that there has been no improvement yet in the healthiness of the town of Cumbum, the reasons which induced Government to sanction the grant of the extra allowances to Revenue subordinates in 1875 still continue to exist. I, therefore, beg to support Mr. Farmer's recommendation that the allowances may be continued for another year or till the public offices at Cumbum are removed to another locality.

* No. 404, dated 9th October 1876.

Enclosure No. 1.

From H. R. FARMER, Esq., Acting Head Assistant Collector, to W. S. FOSTER, Esq., Acting Collector of Kurnool, dated Cumbum, 9th October 1876, No. 404.

In reply to your letter, No. 1,029, dated 6th October, I have the honor to state that I consider it necessary to continue for another year the extra allowance to subordinates at Cumbum.

2. I make this recommendation assuming that the offices continue during the year at Cumbum and upon the ground that vital statistics, of which copies are submittted weekly to Government, show that the health-state of Cumbum, instead of improving, is getting worse.

3. From pages 331 and 332 of the Madras Manual of Hygiene, I gather that registered births and deaths afford the best available information as to the health-state of the people.

4. The numbers of births and deaths registered in August and September 1875 and 1876 are compared below :—

Month.	Births.		Deaths.	
	1875.	1876.	1875.	1876.
August	16	5	37	41
September	11	9	25	45

These are fair sample months and only selected because they embody statistics since sanitary improvements were commenced.

5. Under normal conditions we should expect about twenty-one births and fourteen deaths monthly.

6. Sufficient has already been written about the health-state of Cumbum to account for my not troubling you with a longer report now. If my view is correct, the weekly report sent to Government under the marginally-noted Order ought to indicate approximately whether there is improvement or deterioration in the health-state. Until the death-rate comes within at least

G.O., No. 51, dated 11th Jan. 1876, Financial Department.

35 per cent. of the normal rate, and until people are able to raise up at least two-thirds of the children they could raise up in a fairly healthyplace, I should not consider it fair to recommend a discontinuance of the indulgence so considerately granted by Government and for which the subordinates are so grateful. Of course nothing could be fairly inferred from the vital statistics of one or two isolated months.

SUBMITTED for the orders of Government.

2. The Board think that the indulgence might be continued especially considering the present scarcity.
