PROCEEDINGS OF THE BOARD OF REVENUE, dated 26th June 1876.

Read the following Proceedings of the Madras Government, dated 4th May 1876, No. 574, Revenue Department:—

Read the following letter from A. O. HUME, Esq., C.B., Secretary to the Government of India, Department of Revenue, Agriculture, and Commerce (Statistics), to the Hon. D. F. CARMICHAEL, Secretary to Government, Revenue Department, dated Calcutta, 25th April 1876, No. 8-C:—

IN the monthly trade return No. 17, showing the description and value of goods on which drawbacks have been paid or duties have been refunded, the articles of import and export are not distinguished, and the net amount of import duty or export duty collected during any given period cannot therefore be ascertained.

2. I am accordingly to request that you will be good enough to arrange that this return shall in future exhibit separately the articles imported and those exported, the total amount of drawbacks and refunds being shown for imports, and the total amount of refunds for exports.

3. I am also to request that a statement may be furnished as early as possible showing the articles of export only on which duties have been refunded for those months of the official year 1875-76 for which accounts have already been furnished.

4. The table No. 17 of Part I (Foreign Trade) of the forms prescribed for the annual volume should also show separately the articles of import and export. Revised forms for this table and for the monthly return are annexed. In the latter it will be seen that the column for "Value of Articles" has been omitted, the information not being required in future.

5. To enable the distinction of imports and exports to be made in the table of drawbacks and refunds in the Imperial Trade Volume for 1875-76, I am to request the favor of a statement being furnished at an early date showing for each of the four years 1871-72 to 1874-75 the amount of duties refunded separately on those articles only which paid export duty. The information will be that shown under "Articles ... 1875-76 in the portion of Table No. 17 indicated in the annexed form by stars.
