SUBMITTED for the information of Government.

2. The neighbouring taluqs must contribute a large quota of the laborers employed at Bellary, and in view to facilitate supervision, and on sanitary grounds, efforts should be made to get them to take work nearer home. It must be almost impossible to exact a fair tale of work from such a large body, and unless this is done, the system will degenerate into one of gratuitous relief. A moderate task such as that imposed by Mr. Crosthwaite at Adony, applied to the Bellary gangs, would probably have the desired effect.

No. 342. ORDER THEREON, 20th November 1876, No. 1,729.

Miscellaneous.

The Government presume that the measures advocated by the Board are in course of adoption. Mr. Price has been provided with Assistants, but it is still desirable to prevent congregation of large numbers of people at Bellary.

Proceedings of the Board of Revenue
Dated 17 November 1876.

Read Memo: from the Collector of Bellary
dated 14 instant, showing the number of coolies em-
ployed on famine work in the District.

Submitted for the information of
Government.

The neighbouring taluqs must contri-
bute a large quota of the laborers employed
at Bellary, and in view to facilitate super-
vision and on sanitary grounds efforts should
be made to get them to take work nearer
home. It must be almost impossible to
exact a fair share of work from such a large
body and unless this is done the system
will degenerate into one of gratuitous
relief. A moderate task such as that
imposed by Mr Frostwaite at Adony
applied to the Bellary taluqs would probably
