... for them in the current year given. The Collector is requested to state the nature of the charges intended to be met from the provisions noted.

3. The Board have disallowed a lump provision of Rupees 2,500 made in the Budget for topes to be planted hereafter, as in his letter, dated 20th June 1876, No. 176, the Collector has reported that the amount cannot be utilized in the year.

4. In G.O., Revenue Department, dated 31st July 1876, No. 1,023, sanction has been accorded for the sale of the nursery garden at Cocanada to the Rajah of Pittapore, but the allotment of Rupees 900 in the Budget for the maintenance of the garden is allowed to remain undisturbed, not only to meet such expenditure as may be incurred up to the date of its actual transfer to the Rajah, but also to meet the cost of the nursery garden newly formed in the Collector's Cutcherry compound.

5. KISTNA.—Under Items Nos 19 to 28 neither the extent of land to be occupied by each tope or plantation, nor the number of trees to be planted, is entered. The Collector is requested to supply the omissions.

6. The lump provision of Rupees 4,000 for works to be carried out by the Public Works Department has been reduced to Rupees 3,000 as already mentioned in paragraphs 4 and 5 of the Board's Proceedings, dated 6th January 1876, No. 25, and the allotment of Rupees 300 for the salary of a clerk to be entertained on Rupees 25 a month is struck out, the Board having in their Proceedings, dated 7th March 1876, Miscellaneous No. 2,040, declined to entertain the proposal.

7. NELLORE.—Under Superintendence, Permanent Establishment, provision is made for Rupees 72, being the salary of an Assistant Wood Overseer's peon at Rupees 6 a

month, for whose entertainment no application appears to have been made. The Collector should be aware that additions to the permanent establishment should not be made without the previous sanction of Government.

8. The rates of salaries to be drawn by the gardeners attached to the casuarina plantations in charge of the Salt Department in the Kavali, Kundakur, and Ongole Taluqs are not given. The omission should now be supplied.

9. Under Village Topes in the Nellore and Kundakur Taluqs the total expenditure is entered as Rupees 5,860-8-0 and Rupees 1,961 respectively, but the correct totals are Rupees 5,908 and Rupees 2,061, which the Board have adopted.

10. A provision of Rupees 59,490 is made on account of miscellaneous charges against Rupees 20,200 in the Budget of 1875-76. It includes Rupees 50,000 for cutting operations in the Striharicotah jungles under the Amani system, and Rupees 4,000 for establishing depôts at Nellore and some other important places in the district to sell firewood brought from the adjacent jungles.

11. BELLARY.—For some of the taluqs, the description and number of trees in topes are not given. The Collector is requested to furnish the information. Similar omissions were noticed in the review of the last year's Budget.

12. NORTH ARCOT.—Under Establishment for the conservancy of local jungles in lieu of the Deputy Conservator of Forests, provision is made for a per mensem in lieu of the two duffadars on monthly salaries of Rs. 120 and 9 sanctioned in G.O., Revenue Department, dated 2nd July 1875, No. 992. In his letter, dated 28th July 1876, No. 344, the Collector states that, at the instance of the Deputy Conservator of Forests, he permitted the amalgamation of the salaries of the two duffadars and the entertainment of a gumastah on Rupees 18 in their stead. The transaction was remarked on by the Board in paragraph 5 of their Proceedings, dated 18th August 1876, No. 2,117.

13. TRICHINOPOLY.—The cost of supervision on the expenditure of Rupees 2,400 to be incurred by the Public Works Department should be Rupees 600, and not Rupees 850 as entered in the abstract budget statement of receipts and charges originally furnished by the Collector.

14. COIMBATORE.—In the village of Coonakahully in the Collegal Taluq, a servant on Rupees 4 per month is provided for the maintenance of eleven palmyra trees, but in the Budget of 1875-76 the number of trees to be maintained at that place was entered as 1,000. There is nothing to show how this number has been reduced to 1. Collector will explain.

15. SALEM.—The provision of Rupees 360 for a clerk in the Collector's Office is reduced to Rupees 240, Government having in their Order, Financial Department, dated 27th December 1875, No. 2,512, sanctioned only Rupees 20 a month.

16. The following abstract shows the available receipts and the proposed expenditure. All the Special Local Fund accounts for March 1876 having been received from the several Collectors, the Board have, as usual, adopted the actual balances of the Jungle Conservancy Fund for all the districts on the 1st April 1876, in lieu of the

Proceedings of the Madras Government, Revenue Department,
22nd November 1876.

No. 392. ORDER THEREON, 22nd November 1876, No. 1,758.

Miscellaneous.

THE Government observe that the Jungle Conservancy Fund Rules require that the Budget be submitted to Government by the 15th December. The practice, however, has been to forward the detailed Budget some time after the year to which it relates has begun; the brief abstract of the receipts and expenditure being given in the Special Funds Budget.

2. The Government are of opinion that this course is open to obvious objections; and so long as it continues no effective control can be exercised over the expenditure. They accordingly resolve to direct that the detailed Budgets for the future be submitted by the 15th December in each year.

3. As nearly eight months of the year have elapsed, it is useless to criticise the expenditure approved by the Board for the current year. The Budget is accordingly passed intact. No time should be lost in forwarding the Budgets for 1877-78.

2. GODAVERY.—There are three topes in three different villages besides the nursery garden at Cocanada, and the sums have been provided, as noted in the margin, for unforeseen charges. No provision for similar charges was made in last year's Budget, nor is any explanation of the necessity for them in the current year given. The Collector is requested to state the nature of the charges intended to be met from the provisions noted.

3. The Board have disallowed a lump provision of Rupees 2,500 made in the Budget for topes to be planted hereafter, as in his letter, dated 20th June 1876, No. 176, the Collector has reported that the amount cannot be utilized in the year.

4. In G.O., Revenue Department, dated 31st July 1876, No. 1,023, sanction has been accorded for the sale of the nursery garden at Cocanada to the Rajah of Pittapore, but the allotment of Rupees 900 in the Budget for the maintenance of the garden is allowed to remain undisturbed, not only to meet such expenditure as may be incurred up to the date of its actual transfer to the Rajah, but also to meet the cost of the nursery garden newly formed in the Collector's Cutcherry compound.

6. The lump provision of Rupees 4,000 for works to be carried out by the Public Works Department has been reduced to Rupees 3,000 as already mentioned in paragraphs 4 and 5 of the Board's Proceedings, dated 6th January 1876, No. 25, and the allotment of Rupees 300 for the salary of a clerk to be entertained on Rupees 25 a month is struck out, the Board having in their Proceedings, dated 7th March 1876, Miscellaneous No. 2,040, declined to entertain the proposal.

Proceedings of the Madras Government
Under date the November 1876

Read

Proceedings of the Board of
Revenue dated 4th October 1876
N^o 2508 reviewing detailed
Budgets of proposed expenditure
from Jungle Conservancy Fund
during 1876-77 ^{Ann}

The Gov^t observe
that the Jungle Conservancy
Fund Rules require that the
Budget be submitted to Gov^t
by the 15th December. The
practice however has been to
forward the detailed Budget
some time after the year to
which it relates has begun;
the brief abstract of the
receipts

receipts and expenditure being given in the Special Funds Budget.

2. The Gov^t are of opinion that this course is open to obvious objections, & as long as it continues no effective control can be exercised over the expenditure. They accordingly resolve to direct that the detailed Budgets for the future be submitted by the 15th December in each year.

3. As nearly eight months of the year have elapsed, it is useless to criticise the expenditure approved by the Board for the current year. The Budget is accordingly passed

should be lost in forwarding the Budgets for 1877/78.
