*Proceedings of the Madras Government, Revenue Department,
23rd November 1876.*

No. 411. Read the following 'Proceedings of the Board of Revenue, dated 9th November 1876, Miscellaneous No. 9,658 :—

Read Proceedings of the Madras Government, Revenue Department, dated 11th October 1876, No. 1,453.

ABSTRACT.—Passing orders on Board's Proceedings requesting instructions regarding the method of calculating the profit of District Presses.

THE work done for private individuals is valued at the same rates as those at which they are actually charged, and no fictitious rates are adopted. The Board meant only to represent that in calculating the profit the actual receipts need not be deducted from the charges as suggested by Government in paragraph 5 of G.O., dated 27th May 1876, No. 697, since the amount entered as the total value of the work done includes the receipts on account of work executed for private individuals, and the charges are deducted from the total value.

No. 412. ORDER THEREON, 23rd November 1876, No. 1,763.

Miscellaneous.

If the receipts are duly taken into account in calculating the profits, the course now followed may be adhered to;

but the Government doubt whether *all* the receipts are duly included in the value of work shown as turned out. Statements I and II submitted with Board's Press Report do not furnish this information. The Board will state how far agreement between the two accounts can be secured; the object of the inquiry made by Government being to ensure that the Press Reports are not ignored in arriving at the annual outturn of work and the profit realised.
