SURVEYOR GENERAL'S FIELD OFFICE.

Simla,

28th June

1876

FROM

THE SURVEYOR GENERAL OF INDIA.

To

The Secretary to the Government of
Madras.

SIR,

I regret much to find that your letter No 661 dated the 14th March last, has remained thus long unanswered, owing to the difficult nature of the enquiries we have had to make, in order to afford the best information in our power, regarding the old records of the late Col^l. MacKenzie's survey. I have also been absent on duty from my Head Quarters Office for the past two months and a half, which has prevented earlier attention to the subject.

2.

I have now the honor to transmit for the information of the Madras Government, List A, being extracts from our Catalogues of Professional records, Books of Manuscript Memoirs &c., relating to Mysore, and

In any reply to this communication, its number, and date should be quoted.

and the survey of the country - also List B
of Maps of the same - and letter from the
Secretary of the Asiatic Society with enclosure,
being a list of the collection of the Mackenzie
manuscripts, in the Society's Library at Calcutta -

Rs. 3 60
8/13 June.

3. It appears from the search which
has been made in my office, rendered diffi-
cult by the Labels and numbers having been
eaten away by insects, involving the exami-
nation of hundreds of Books, that 4 Vols.
of the Mysore Statistical Registers, and
1 Vol. of the Memoirs, were lost many years
ago as then reported to Government, but as
our records all seem to be copies, I con-
clude the originals exist at the India
Office, or ought to do so, unless destroyed when
removing from Leadenhall Street.

4. Of the maps required in your
letter, none have been found under the
precise Titles given, but it is conjectured
that those enumerated in List B are the
ones required - Those marked 2 and 3 are
very large and elaborate drawings, which
it will be expensive to copy.

5. On a consideration of the in-
formation

14/187
-formation now rendered, whatever the Madras
Government may desire really to have, I
shall be happy to supply, on payment for
the extra labor entailed in transcribing or
drawing, which will be very considerable
and will take time.

I have the honor to be
Sir,

Your most ~~obedient~~ servant
