PROCEEDINGS OF THE MADRAS GOVERNMENT.

From date the

Read the following:—

Letter from the Consulting Engineer for R. Rang. No. 158 dated 11 December 1875.

With reference to the Proceedings of Government No. 1033 dated 16 April 1875 and to subsequent Orders marginally noted, I have the honor to submit an estimate, amounting to Rs. 3631, of the cost of providing a siding with crane in the Limber Depot opposite the Cinnabara Station of the Madras Railway. Of the total amount of the estimate, Rs. 2941 is chargeable to Capital, and Rs. 690 to Revenue.

2. It will be observed that by a re-arrangement of the station yard, and doing away with the through siding opposite the station, no extra length of rail is required, in fact there is a saving of 15 1/2 chains. The crane is already at Polhanore and only requires to be removed.

3. Authority has been granted to the work being proceeded with and I request the approval of Government to the expenditure.

The

4. The allotment from which the outlay is to be met will be reported hereafter. The sanction lapses at the end of the fourth quarter after receipt of sanction.

Order thereon 21 December 1875 No 3581

It was pointed out in the correspondence quoted in the margin that the location of the timber depot at Reimkatore involved the moving of the greater portion of the logs over four miles of rail in each direction, and the enhancement of the charges for freight payable by the Public Works Department and the general Public to the Railway Company. The kiln-berries being supplied from the hymanad forests, consignments to many other portions of the Presidency whether East, West or South must under the arrangement now proposed be conveyed past Pothanore. Under these circumstances the work now being carried out at the Reimkatore Station must be suspended, pending a definite decision in the Revenue Department on the question of
