No. 503A. Read the following Proceedings of the Board of Revenue, dated 20th November 1876, No. 2,901 :—

Read the following letter from F. R. H. SHARP, Esq., Acting Collector of Nellore, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated 16th November 1876, No. 3,176.

I HAVE the honor to suggest that, when there is a difficulty in choosing suitable minor relief works in any distressed locality, the improvement of the village roads connecting Police stations with high roads or with villages adjacent to that in which the station is situated is a very suitable work. The efficiency of the Police is increased by the station-communications being improved; the stations are rendered more tempting for inspection by superior officers, and the fact of the relief work being done subject to the perhaps unfriendly criticism of intelligent men such as Head Constables ought to be renders it likely that the work will be done better and that there will be less cheating in payments than when there is no prospect of such observation.

The efficiency of the Police is increased
