To

Henry Sewell Esquire

Acting Collector

Trichinopoly

Respected Sir,

You are aware that I have availed myself of the Privilege Leave for two months kindly granted to me in the Fort St. George Gazette of the 13th June 1876 Page 851 on the 10th July last and that it will expire on the 10th September next - at the time when I applied for that leave, I had of course no idea of taking any other leave for three months after my return to duty - But circumstances have so transpired that I now feel myself compelled to revoke my original intention and to seek for six months' leave on private affairs soon after I shall have returned to duty.

2. You are aware that my eldest son nearly 18 years' old on account of whose illness I took the Privilege leave died on the

the 14th July last. It is difficult for the family to stand this great shock and my absence from duty is necessary for a further time to soothe the minds of all the members interested in the deceased. We had expected that my Eldest son who in fact had been managing the affairs of the family and of its small Estate would recover and leave me to my Public Duties as usual. But as matters now stand, he is gone for recent my Private affairs are so much at a mass that I am obliged to pay prompt attention to set them right. — The death of the young man has created dissatisfaction and Quarrels where all was joy and Peace. and it is a work of time for me to correct all this and provide for the Peace and well being of the surviving members of the family and those connected with them. Further I am obliged to institute and conduct law-suits at early dates for the recovery of my small dues before those suits are barred

by the rules of limitation. Hence the change of my mind.

3. Of course I will re-join on the 10th September with as no other leave can be taken in continuation of Privilege leave. But they respectfully to solicit at your hands the favor of your kindly recommending and obtaining me the six months leave on Private affairs applied for at an early date that I may avail myself of it as soon as may be possible after my return to duty.

4. They to add that I am entitled to the leave applied for having never taken any furlough or any similar leave on private affairs during the whole period of my Service.

I have &c

for consideration of the Board
of Revenue. It is the case
that the applicant has lost
his eldest son recently and is
in great trouble. Consequently
but the request for 6 months
Private Affairs leave following
close on the 2 months Pri-
-vilege leave already granted
seems excessive.
