Read the following papers:—

No. 226. Proceedings of the Board of Revenue, dated 29th May 1876, No. 1408.

Read the following letter from J. G. HORSFALL, Esq., President of the Local Fund Board, Canara Circle, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Mangalore, 12th April 1876, No. 316:—

At the instance of the Local Fund Board of this Circle, I have the honor to report that in October last Mr. Webster, while addressing the Government as *District Magistrate* regarding the outbreak of cholera in this district, stated that the expenses connected with the prevention of the epidemic "will have to be borne by the Local Fund Board." The Government, in their order* on Mr.

Webster's letter, authorised the *District Magistrate* "to take such action as he may deem to be absolutely necessary to prevent the introduction of cholera into the district." From this it is to be presumed that the Government did not contemplate that the expenditure incurred in connection with the prevention of cholera should fall on the Local Funds. The Local Fund Board is charged with expenditure incurred for sanitation purposes; but I venture to think that expenses connected with an extraordinary visitation like cholera do not come under that head. It is a charge that should properly be debited to the Imperial Funds, as is usually done in the case of fevers, &c.

2. The Local Fund Board have already paid 700 Rupees to the District Magistrate on this account, and as almost the whole of this sum has been expended, and as cholera has not yet subsided, they expect a further demand from the Magistrate. In other districts, I think, the charges connected with cholera are met from Imperial Funds.

3. I have, therefore, the honor to request that I may be informed from what source cholera charges are to be met, such as erection of sheds, supply of medicines, cost of medical superintendence, &c.

—
SUBMITTED for the orders of Government.

2. The Board think the special charges incurred in connection with the outbreak of cholera should be met from Imperial Funds, to which head such extraordinary charges are usually debited.

MEMORANDUM.

The undersigned has the honor to report that in his opinion the wording of Section 26, Clause III of Act No. IV of 1871, indicates the liability of the Local Fund Board to meet these charges, in which opinion, it will be observed, the Surgeon-General coincides in his letter forwarded herewith.

To the Chief Secretary to Government, Fort St. George.

No. 228. From Surgeon-General E. G. BALFOUR, Surgeon-General, Indian Medical Department, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, (through the Accountant-General,) dated Fort St. George, 9th June 1876, No. 339.

With reference to the order in Memorandum No. 839 of 6th instant, I have the honor to report to His Grace the Governor in Council that I consider that each Community, Municipality or Local Fund Board, should defray the expenses necessarily incurred for the protection of the health of their respective populations, and that the cost of the measures necessary to ward off cholera or other disease should be borne by them.

No. 229.

ORDER THEREON, 26th June 1876, No. 1167.

The remarks of the Surgeon-General and Accountant-General will be communicated to the President of the Canara Local Fund Board, through the Board of Revenue.

2. The Governor in Council is not prepared to relieve the Local Funds from the class of charges in question, but will consider whether any aid may be given in the event of their attaining an exceptional amount.

Rewards.

No. 11. Read the following Proceedings of the Board of Revenue, dated 18th July 1876, No. 1848 :—

Read the following letter from J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Madanapally, 9th June 1876, No. 133 :—

In forwarding enclosed letter * from the Sub-Collector, I have the honor to request that the Board of Revenue will be good enough to recommend the sanc-

tion of a reward to the two individuals mentioned. I would recommend a reward of Rupees 25 to the Catechist Tiruvangadam Iyer and Rupees 35 to the Native Doctor Munniappah. The former visited several villages during the outbreak of cholera of last year and treated some 50 persons. The latter has shown himself extremely useful during the present year in the Madanapally Taluq, where more than 900 cases have occurred during the last six weeks. It is of great importance that native doctors should be encouraged to distribute European medicines, and this man has shown himself most ready to follow the Medical Officer's advice.

2. I have already in my letter, No. 375,† dated 7th June 1876, had the honor of bringing to the Board's favorable notice the good conduct of the

Sub-Collector's Dresser, Cassim Ali, whilst on this duty.

ENCLOSURE No. 1.

From C. J. KNOX, Esq., Acting Sub-Collector of Cuddapah, to J. D. B. GRIBBLE, Esq., Acting Collector of Cuddapah, dated 6th June 1876, No. 214.

In the latter end of 1875 a reference was made to the Collector from this office to sanction a reward of Rupees 25 to a Catechist in Royachoty, by name Tiruvangadam Iyer, for assisting in distributing medicine through the taluq during an outbreak of cholera. No answer was received to that reference and no reward has as yet been granted. I have the honor to request that orders may be passed on the subject at an early date.

2. I would also recommend that a suitable reward be granted to one Munniappah of Kurbalakotta, a Native Doctor in this place. He has been most useful in distributing cholera medicines received from the dispensary through the Madanapally Taluq, and has shown considerable zeal and activity. He has visited already five or six villages, and is still engaged in the work. He has treated 73 persons, of whom 25 have recovered.

3. I do not know whether such rewards are payable from Imperial Funds or whether they ought to be a charge on Local Funds; if they are to be paid from Local Funds, I will bring the matter before the Board at the next meeting.

SUBMITTED for the favorable consideration and orders of Government.

2. The question whether special charges in connection with outbreaks of cholera are debitable to Imperial or Local Funds was submitted for the decision of Government in Board's Proceedings, dated 29th May 1876, No. 1,408. If the

charge is to be met from the latter source, the proposition for the grant of rewards in the two cases brought to notice must be laid before the Local Fund Board.

No. 12. ORDER THEREON, 2nd August 1876, No. 1379.

The G.O., dated 26th June 1876, No. 1167, on the reference quoted by the Board, should be communicated to all Presidents of Local Fund Boards for guidance.

2. The rewards proposed seem to have been well earned, and the approval of Government should be communicated to the individuals concerned.
